To: City Council and Citizens of Hanford

EXECUTIVE SUMMARY

The 2021/2022 and 2022/2023 Biennial Budget for general operations and capital improvement program for the City of Hanford is hereby submitted including the City's Capital Improvement Program, in accordance with the City's Municipal Code.

Significant care has been taken to develop a balanced budget in accordance with Resolution 2020-29-R and make sure the City has a structurally balanced (and sustainable) budget. The 2021-2023 Biennial Budget is comprised of all City funds, including the General Fund, Special Revenue Funds, Capital Funds, Enterprise Funds and Internal Service Funds.

The overall proposed budget for FY 2021/2022 is \$81,636,204 million and \$86,087,050 million in FY 2022/2023 as shown in Table 1A/1B, Proposed Appropriations 2021/2022 and 2022/2023.

	Capital Total	19,212,568		

General Fund

The City's primary and largest fund is the General Fund, which supports general municipal services such as police, fire, streets, parks and community services. After a great deal of work by staff in response to a projected deficit, the operating budget for the General Fund is now projected to have balanced budgets in FY 2021/2022 and FY 2022/2023. Projected deficits were balanced by reducing non-essential expenditures, deferring capital replacements and by not increasing personnel or programs unless offset by new revenues or expense reductions. The City's budget includes all allocated positions including any recommended in Table 3 and assumes no vacancies.

In the past, budget savings have been used to fund emergency projects or projects in the Accumulated Capital Outlay (ACO Fund) or to add to the General Fund Reserve. Moving forward, at the end of each year, upon presentation of the annual audit, staff will seek direction from Council on where to set aside budgetary savings in addition to the minimum General Fund Reserve of 15%.

The total proposed General Fund budget for FY 2021/2022 is \$39.3 million and FY 2022/2023 is \$38.5 million as shown in Table 2 - General Fund Recommended Budget.

Challenges

In addition to the economic impact of the COVID-19 pandemic and some loss of revenues for the City, there are ongoing challenges such as deferred capital improvement needs, increasing labor costs, retirement costs, and liabilities that continue to compete with the priorities and needs of our community.

It should be noted that CalPERS Unfunded Accrued Liability (UAL) costs will increase over \$400k annually until 2024/2025 without any ability to control those costs and with the possibility of these costs increasing more depending on CalPERS investment returns. These challenges impact not only the General Fund but the Enterprise Funds as well (Table 3 - CalPERS Forecasted Costs)

Table 3 CalPERS Forecasted Costs**Recommended Budget Positions**

This budget includes a few new positions to improve services provided to citizens. In addition to the positions recommended, several other positions were requested by departments. Due to the lack of financial resources, staff is only recommending a limited number of positions. Additional positions are an on-going expense and need to be prioritized to insure they are sustainable. A list of new and deferred positions is included below in Table 4 Position Requests. The positions recommended for approval are included in the budget numbers presented for Council's approval.

Table 4 Position Requests**2021/2022 Position Requests**

Capital Improvement Program (CIP - All Funds)

The City's Capital Improvement Program (CIP) consists of a five-year plan with the first two years being appropriated with the recommended biennial budget. The projects recommended have been reviewed by City Council and committees and commission and are listed in detail in the Capital Improvement component of the budget document. There are many projects needed and summarized in the CIP document, many projects will be deferred to later years until funding can be identified to take care of. The total CIP recommended for FY 2021/2022 is \$14,205,644 and \$19,038,739 for FY 2022/2023 as shown in Table 5- 2021/2022 to 2025/2026 CIP Summary.

Table 5- 2021/2022 to 2025/2026 CIP Summary

PROPOSED FIVE YEAR CAPITAL PROGRAM						
CATEGORY	2022	2023	2024	2025	2026	TOTAL
Facilities and General Projects	\$1,571,251	\$739,123	\$290,000	\$150,000	\$3,130,945	\$5,881,319

	\$14,205,644	\$19,038,739	\$9,820,350	\$16,357,170	\$14,622,945	\$74,044,848

Budget Conclusion

The City entered into FY 2020/2021 in a stable financial position and had strong revenue growth amongst many funds for a majority of the fiscal year. However, some services and revenues were tempered due to the COVID19 pandemic, which impacted our lives in many ways. As this budget for 2021/2022 and 2022/2023 is being finalized, the local economy is trending in a positive direction as businesses continue to reopen.

Due to fiscal prudence on the part of the City Council, and careful fiscal management on the part of City staff, the City is generally in a good financial position, with General Fund Emergency Reserves as of June 30, 2019 near 24% (\$7 mil) meeting Council's 15% policy established in 2020 by Resolution 2020-29-R. Council may want to consider increasing the General Fund goal as well as establishing reserves for other funds such as Internal Service Funds for insurance and risk to meet minimum required reserves to minimize financial stress. Some Cities considered in "Low-Risk" financial condition by the State Auditor have reserves up to six months or more of operating expenditures, Hanford currently has enough reserves to cover about 2-3 months of expenditures.

As the 2019/2020 financial audit is completed and monitoring of City finances continues including beginning the 2020/2021 financial audit, staff will return to Council with recommendations and possible budget amendments as needs and resources are identified.

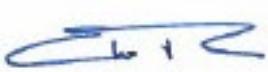

Acknowledgements

As with most great endeavors, the development of this budget has been accomplished by the efforts of many people pulling together to improve this document, particularly Destiny Borba, Financial Analyst, John Doyel, Public Works Director, Debbie Fowler, Sr. Admin Analyst, and Matthew Kredit, Finance Manager. Thanks goes to the City's Department Head group that continues to work hard to provide services in an efficient and sustainable manner. We also wish to thank City Council for their efforts and willingness to make tough decisions to continuously improve the City.

Sincerely,

Mario Cifuentes
City Manager

Chris Tavarez
Finance Director

COUNCIL GOALS FOR 2021/22 & 2022/23

On Friday, February 19, 2021, the Hanford City Council held their annual Strategic Planning Workshop at the Hanford City In addition to all five (5) Council members, City staff executives were in attendance, including the City Manager, City Department Heads and select support staff. The primary purpose of this annual workshop is to provide council members extended periods of time to discuss items of priority for the council, receive updates from staff, and explore ideas, interests, and future planning for the city.

As a result of the discussion and review, listed below are the goals that are of most importance for the upcoming fiscal years.

1. Review the Parks Master Plan as needed to ensure that formal decisions, actions and allocation of resources enhance and maximize the important role of parks in helping to achieve improved quality of living for all citizens.
2. Review the Property Management Plan periodically to ensure that property management decisions, actions and allocation of resources help to advance and achieve improved quality of living for all citizens.
3. The City of Hanford and all of its citizens will be kept informed of important city matters through a well-aligned and multi-faceted system of public communications.
4. The City of Hanford will provide the best possible services and enforcements to preserve and enhance the health, safety and individual rights of all its citizens.
5. All parties interacting with the City of Hanford at all levels shall experience positive, efficient and effective customer service.

BUDGET GUIDE

A budget serves many purposes. In addition to its inherent value as a resource and spending plan for the City, it informs the public about the City's financial Strategies and Provides the documentation needed for other financial related matters such as audits, loans, and grants.

The goal of the City's annual budget is to provide a plan that allocates resources to meet the needs and desires of Hanford residents. The budget

BUDGET GUIDE, (CONT.)

is one way in which the City Council and City staff responds to the community's needs. It balances City revenues and costs with community priorities and requirements. The City's fiscal year is July 1st to June 30th.

For the upcoming budget, the City approved transitioning to a biennial budget which will cover 2021/22 & 2022/23. City staff reviewed prior fiscal years and estimated the expenditures and revenues anticipated for the next year. As part of this review, City Council directed staff to review and analyze all functions to determine the appropriate service levels and staffing needs.

As a result, the biennial budget incorporates revenues and expenditures that are expected to be incurred through June 30, 2023.

BUDGET STRATEGIES

The City of Hanford has developed broad policy direction through the development of budget strategies that establish long-term policy guidance for conducting the City's financial activities. The City Council has established these policies to meet the following strategic objectives:

Strategic Focus- The City's financial management should be strategic, reflecting the Council's and the community's priorities for service while providing resources that realistically fund routine operations.

Fiscal control and accountability- The City's financial activities should be fiscally sound and accountable to the City Council and the City Manager.

Clarity- The City's financial planning and reporting should be clear and easy to understand so that all participants, the Council, the community, and staff can productively participate in making good decisions.

Long-term Planning- The City's financial planning should emphasize multi-year horizons to promote long-term planning of resources.

BUDGET STRATEGIES, (CONT.)

Flexible and cost-effective responses- The City's financial management practices should encourage a mission-driven organization that responds quickly and straightforwardly to community demands. The City's management should flexibly respond to opportunities for better service, should proactively manage revenues, and should cost-effectively manage ongoing operating costs.

Additionally, on November 17, 2020 the City Council adopted a Resolution (20-29-R) to take a proactive approach to maintaining the fiscal health of the City. The Policy states the following:

Section 1.- Require that the City Manager present to the City Council a balanced budget proposal with each budget cycle defined as:

- A balanced budget will be defined as total General Fund revenues and transfers-in being equal to or more than total General Fund expenditures and transfers-out less one-time capital expenditures and/or transfers out if supported by available fund balance/

Section 2.- Unless Authorized by City Council, the budget shall maintain a minimum of 15% of General Fund revenues as an emergency reserve for unforeseen fiscal emergencies.

Section 3.- At times, after careful deliberation, the Council may set-aside either of these policies and shall state why the policy is being set-aside.

If these policies are consistently followed, the City should be able to avoid the financial stress sometimes experienced by cities with less fiscal discipline.

FISCAL POLICIES

City Council has adopted policy parameters for the City's fiscal management. Following is a summary of those policies.

Financial Activity Reporting- The City's financial activity will be reported in a variety of funds, which are the basic accounting and reporting entities

FISCAL POLICIES, (CONT.)

in government accounting. The City's accounting structure will make it possible.

To present fairly and with full disclosure the financial position and results of financial operations of the funds of the City in conformity with generally accepted accounting principles, and to determine and demonstrate compliance with finance-related legal and contractual provisions.

Management Responsibility- The City Manager shall provide the City Council with a mid-year review of financial activities in February each year.

Reserves- The City will maintain reserve funds to:

- Stabilize the City's fiscal base for anticipated fluctuations in revenues and expenditures
- Provide for non-recurring, unanticipated expenditures; and
- Provide for innovative opportunities for the betterment of the community.

Contingency Reserve: The purpose of this reserve is to be prepared for possible future revenue reductions and to generate interest income.

Replacement Funds: The purpose of these are to plan for and provide sufficient funds for the anticipated replacement of, and/or maintenance on, capital equipment.

Annual Budget and Financial Plan- An annual budget and financial plan will be presented to the City Council in addition to periodic financial information, setting forth the following information:

- Actual revenues, expenditures, reserve balances, and fund balances for the prior fiscal year;
- Estimated revenues, expenditures, reserve balances, and fund balances for the current fiscal year;
- Projected revenues, expenditures, reserve balances, and fund balances for the next fiscal year;
- Articulated priorities and service levels to be achieved by the organization over the next year; and

FISCAL POLICIES, (CONT.)

- Capital Improvement Program for the next five years.

Appropriation Control- Appropriation of fiscal resources is the responsibility of the City Council and the City Manager. Appropriations requiring Council action are:

- Appropriation of reserves, except replacement reserves;
- Transfers between funds;
- Appropriations of any unassigned revenues - unassigned revenues are those revenues that are not associated with a particular business or service unit; and
- Inter-funds loans

Appropriations requiring City Manager action are:

- Transfers within a division;
- Appropriation of unbudgeted assigned revenues - assigned revenues support a specific business or service unit and allow expansion or contraction of that unit in response to demand as manifested by receipt of assigned revenues; and
- Appropriation of replacement reserves.

Debt Management

The City Council maintains a Debt Management Policy. This policy addresses inter-funding borrowing, short-term borrowing, long-term borrowing, and debt issuance. The policy provides guidance for ensuring that financial resources are adequate to meet short-term and long-term service objectives and that financing undertaken by the City satisfies certain clear objectives which allow the City to protect its financial resources in order to meet its long-term capital needs.

Investments

The City maintains an Investment Policy in conformance with California Government Code. The policy addresses the objectives of safety, liquidity, and yield with respect to the City's financial assets.

FISCAL POLICIES, (CONT.)

Fees and Charges

The City Council will annually adopt a schedule of fees and charges. The fees and charges will be set to provide adequate resources for the cost of the program or service provided.

Purchasing

The City will maintain a purchasing policy designed to support and enhance the delivery of governmental services while seeking to obtain the maximum value for each dollar expended.

Performance Measures

The City Manager will annually develop performance measures and assess how efficiently and effectively the functions, programs, and activities in each department are provided and for determining whether program goals are being met.

ACCOUNTING POLICIES

Basis of Accounting & Budgeting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cashflows. Property taxes are recognized as revenues in the year for which they are receivable. Grants and similar items are recognized as revenue as soon as all eligibility requirements are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to

ACCOUNTING POLICIES, (CONT.)

be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, franchise taxes, license, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Governmental Funds:

Governmental Funds are made up of three distinct funds and are as follows.

1. **Governmental Funds**- Governmental Funds are used to account for non-exchange revenues/unrestricted revenues such as taxes, intergovernmental revenues and grants. The fund provides resources for the majority of general government expenditures (i.e., expenditures for public health and safety, capital assets and projects, and government administration). The Governmental Fund is used to account for all resources not required to be accounted for in another fund.
2. **Proprietary Funds**- Proprietary Funds are generally used to account for exchange transactions such as charges to customers (Enterprise Funds) or to other units of the City (Internal Service Funds).
 - Enterprise Funds are often referred to as dedicated, or non-discretionary, funds as revenues generated in these funds are specifically dedicated for a particular purpose. These funds have many restrictions on how resources can be allocated.
 - Internal Service Funds- provide supplies and services for the City's other programs and activities- such as the City's self-insurance, fleet maintenance, and computer maintenance

ACCOUNTING POLICIES, (CONT.)

funds. They generally do not produce revenues; instead, the expenses incurred in these funds are supported through internal allocations (transfers) to other funds based on pre-determined criteria.

3. Fiduciary Funds- Fiduciary Funds are used to account for assets held by the City (the trustee) acting in a fiduciary capacity for other entities. These funds are operated to carry out the specific actions of agreements, ordinances and other governing regulations.

The City reports the following major governmental funds:

General Fund- The General Fund is the principle operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds. For the City, the general fund includes basic governmental activities such as general government, public safety, public works, recreation and community development.

CDBG Home/Housing Fund- This fund is used to receive and disburse funds in accordance with grants received from the Department of Housing and Urban Development for the repair and improvement of targeted housing areas.

Capital Projects Fund- The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Transportation Impact Fees- This fund is used to hold and account for transportation development impact fees levied by city ordinance on development activities and collected for the purpose of financing construction of transportation facilities necessary to reduce impacts caused by growth or new development.

The City reports the following major enterprise funds:

Water System Fund- The Water System Fund is used to account for the financial activities of water utility of the City.

ACCOUNTING POLICIES, (CONT.)

Wastewater Fund- The Wastewater Fund is used to account for financial activities of sewage collection and wastewater treatment utility of the City.

Storm Drain Fund- The Storm Drain Fund is used to account for the financial activities of the City's storm drains.

Refuse Fund- The Refuse Fund is used to account for the financial activities of the collection of solid waste and disposal utility of the City.

Airport Fund- To account for all activities necessary to provide an airport to the residents of the City and surroundings areas.

Intermodal Fund- The Intermodal Fund is used to account for the financial activities of a building used to support state regional and local transportation.

Courthouse Square Fund- The Courthouse Square Fund is used to account for the financial activities of the maintenance and improvement of the property known as the Courthouse Square in downtown Hanford.

The City reports the following fund types in aggregate as part of other non-major governmental funds:

Special Revenue Funds- Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Additionally, the City reports the following fund types:

Private-Purpose Trust Fund- The Private Purpose Trust Fund is used to account for the activities of the former Hanford Redevelopment Agency during the wind down period.

Trust and Agency Funds-Trust and Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations and/or other governments.

ACCOUNTING POLICIES, (CONT.)

Assets, Liabilities, Net Assets or Equity, and Other Financial Statement Items

Cash and cash Equivalents: The City considers all short term and highly liquid investments (including restricted assets) to be cash and cash equivalents.

Investments: Investments are stated at fair value (the value at which a financial instrument could be exchanged in a current transaction between willing parties, other than a forced or liquidation sale).

Interfund Transactions: Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the governmentwide financial statement as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be a market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

Receivables: In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include intergovernmental and tax revenue

ACCOUNTING POLICIES, (CONT.)

receivable. Business-type activities report trade and intergovernmental revenue as their major receivables.

Inventory: Inventories of materials and supplies in the proprietary and internal services funds are valued at the lower of cost or market, carried on a first-in, first-out (FIFO) basis.

Capital Assets: The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements. In the government-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation.

The City updated the capitalization threshold from \$5,000 to \$10,000 in April of 2021. In other words, fixed assets are capitalized only if they have a cost in excess of \$10,000 and have an expected useful life of three years or more. Fixed assets that have a cost below \$10,000 are expended during the fiscal year they are acquired.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized.

Upon sale or retirement of fixed assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of

ACCOUNTING POLICIES, (CONT.)

depreciation. The range of estimated useful lives by type of assets is as follows:

- Infrastructure- 20 to 50 years
- Buildings- 20 to 50 years
- Improvements other than buildings- 20 to 50 years
- Machinery and equipment- 4 to 20 years

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Fund Financial Statements: In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Compensated Absences: It is the City's policy to permit employees to accumulate earned but unused vacation, sick pay benefits and compensatory time. All vacation and compensatory pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements. For additional information regarding compensated absences.

Long-Term Obligations: In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Debt principal payments of both government and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective

ACCOUNTING POLICIES, (CONT.)

interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, however, debt principal payments of governmental funds are recognized as expenditures when paid. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit items. Investments are reported at fair value.

ECONOMIC OUTLOOK

What a difference a year makes. Last year, in March of 2020, the novel coronavirus caused sweeping changes to how we all do business and live our lives. The City responded to these challenges, with the leadership of the City Council, by reducing or deferring costs where we were able to. While we did see reductions in revenue from construction permits and occupancy of our local hotels, we did see better than average increases in our sales tax. Property taxes remained stable and continue to rise at modest rate.

This year, we are once again pleased to present a two-year budget, which is balanced for both years and brings staffing levels back to their former levels and includes fully funding our replacement reserve allocations and Park services. They City has a dependable sales and property tax base and we expect our permits and occupancy revenues to begin recovering. We still find ourselves in a low interest rate environment. Rates are expected to remain low for the remainder of 2021 and 2022, with the possibility of rate increases in 2023. These low rates spur home purchases and refinancing, as well as home building, all of which add to our stable revenue sources. The downside to low rates is lower yields for our reserve accounts. The City adopted a new, shorter term strategy, approved by the City Council, to adapt to this low rate environment. We will continue to keep the City Council updated quarterly as we see changes to this environment. Lastly, low interest rates also cause fear of inflation. The Federal Reserve has moved up their timeline to address interest rates due to the most recent CPI rates, which were 5% for the 12 months ended May 2021. Thankfully futures, such as lumber, have come down dramatically this past month, which is consistent with the Federal Reserves guidance on inflation being short term. Long term inflation erodes spending power, which increases our costs of goods, services, and labor.

The City of Hanford is thankful that our financial prudence and planning, with the guidance of the City Council, has allowed us to weather this past year successfully and present a 2-year balanced budget that includes renewed revenues and expected growth.

APPROPRIATIONS LIMIT ARTICLE XIIIB

10.01 Article XIIIB: A Summary

The appropriations limitation imposed by Propositions 4 (1979) and later amended by Proposition 111 (1990) creates a restriction on the amount of government revenue which may be appropriated in any fiscal year.

The **Appropriations Limit** is based on actual appropriations during the base year (1986-87 or the first full year of operation), and increases each year using specified growth factors.

The Appropriations Limit applies only to those revenues defined as "proceeds of taxes." Certain expenditures of tax proceeds do not count as **Appropriations Subject to Limit** including those for voter approved debt, qualified capital outlay, and the costs of complying with court orders and federal mandates.

In order to ensure that taxes are counted in the Appropriations Limit of one but only one agency of government, the law requires that if the State provides funds to a local government for general purposes, the funds are to be counted as "state subventions" and included in the Appropriations Subject to Limit of the local agency. However, if the Legislature restricts the funds to specific purposes, then the funds are counted in the State - rather than local – Appropriations Subject to Limit.

During any fiscal year, a government entity may not appropriate any proceeds of taxes received in excess of the Appropriations Limit of the entity. If a local government receives excess funds in any one year, it may "carry those excess funds into the subsequent year" for use. Any excess funds remaining after the second year must be returned to taxpayers by reducing tax rates or fees. As an alternative, a majority of the voters may approve an "override" to increase the Appropriations Limit. The law allows such an override to last for a maximum of four years.

FISCAL YEAR 2021/22	
City of Hanford Appropriations Limit:

City of Hanford

Administration

Department Funding

1110 – City Manager/City Clerk 1111 – Human Resources/Risk Management 1315 – Information Technology 2020 – Airport

BUDGET NARRATIVE

11100000- CITY MANAGER-CITY CLERK

Division Description:

The City Manager's Division consists of both the City Manager's Office, as well as the City Clerk's office.

The City Manager's office is responsible for the day to day oversight of the City and provides both leadership and support for the organization. The City Manager, as chief executive officer of the City, is responsible for various functions assigned by the City Council. These include overseeing the implementation and administration of Council goals and policies, supervising the activities of all departments, enforcing City ordinances, and other such duties and responsibilities as may be assigned by the City Council.

The City Clerk office exists to support the City Council and to prepare City Council agendas and minutes for all City Council meetings. Additionally, the City Clerk maintains the official legislative record of the Council through its resolutions, ordinances and Municipal Code. The Clerk coordinates the flow of business and documents to and from the City Council and senior City management, as well as provides information and researches records for public and staff. The Clerk conducts elections, serves as the local filing officer for the Fair Political Practices Commission, processes campaign filings and statements of economic interest forms, coordinates appointments to the City's Commissions, and provides support services to the Mayor, and City Council.

Prior Period Accomplishments:

During the prior year, the City Manager's office accomplished the following:

- Hiring and appointment of three (3) new Directors and the approval of several departmental reorganizations in an effort to streamline operations and provide better services to the citizens of Hanford.
- Worked with staff to provide more detail and financial data in the Council staff reports in order to increase transparency and accountability with the taxpayers.
- Increased community engagement through a variety of methods including the implementation of livestreaming of Council meetings, Community Input Meetings and the expansion of messaging through social media.
- Provided direction to the City Council on several City-owned properties and developed a needs assessment for those buildings in order to identify the long-term benefits to the City and the proper use moving forward.

BUDGET NARRATIVE

11100000- CITY MANAGER-CITY CLERK

Prior Period Accomplishments, (Cont.):

During the prior year, the City Clerk's office accomplished the following:

- Successfully assisted candidates through the November 2020 Election and filled two seats on the City Council.
- Created several, more efficient tracking logs for records management purposes.
- Assisted the City Manager and City Council with the coordination of a more effective Commissioner selection and appointment process.

Alignment with Council's Goals:

The City Manager's Division is responsible for working with the department directors to develop annual Objectives for each Council-adopted Goal for the current year, as well as the development and implementation of measurable Planned Actions to achieve the Council goals.

Current Division Objectives:

- Complete Council Redistricting.
- Implement a new Agenda Management System for Council/Commission Agendas.
- Increase the City's outreach to citizens through expansion of existing social media platforms.
- Execute contracts with both State and Federal advocacy firms to strengthen the City's political position and gain access to increased funding opportunities.
- Build upon existing relationships with community partners in order to levy resources of multiple agencies to bring about community enhancements.

BUDGET NARRATIVE

11110000- HUMAN RESOURCES

Division Description:

The Human Resources Division is responsible for all aspects of the City's human resources system including recruitment, testing, selection, classification administration, labor relations, benefit administration, workers compensation, safety administration, risk management, and employee development.

Prior Period Accomplishments (July 1, 2020 to March 31, 2021):

The Human Resources Division has accomplished the following in the last eight months:

- COVID-19 Pandemic Response –
 - HR staff has maintained an employee exposure log to monitor department outbreaks. As of mid-April, HR staff have responded to 169 employee COVID-19 exposures (at or outside of work) and 51 positive COVID-19 cases.
 - A Supervisors Pandemic Response Guide was created at the beginning of the pandemic which transitioned into the COVID-19 Prevention Plan to meet the emergency regulations implemented by Cal-OSHA in late-October.
 - Additional reporting was sent to the City's Workers Compensation Administrator in compliance with Senate Bill 1159.
 - Departments were continually updated on CDC and Department of Public Health guidelines and notified of COVID-19 testing sites within the geographical area.
 - In compliance with Assembly Bill 685, HR staff notified applicable bargaining groups of positive cases/workplace exposures and the Kings Co. Public Health Department was notified of departmental outbreaks.
 - In response to the Families First Coronavirus Response Act, the Emergency Paid Sick Leave and Family Medical Leave Expansion Act policies were created and implemented between April 1, 2020 and December 31, 2020.
 - In response to Senate Bill 95, the COVID-19 Supplemental Paid Sick Leave Policy was created in March of 2021 and retroactively applied back to January 1, 2021 causing HR staff to review our workplace exposure logs to determine employees who were eligible for such leave, review of timesheets and notifications were sent to Payroll to replenish and/or reimburse eligible employees for time off due to COVID-19 related reasons.
- Recruitments - 52 recruitments and 4 recruitment examinations were completed.
- Policy/Information Updates –
 - Updated Administrative Regulation 1.17 – Alternative Work Schedule Policy.
 - Created Administrative Regulation 1.29 – Leave for Exempt Employees.
 - Created Administrative Regulation 1.30 – Social Media Policy.
 - Created Administrative Regulation 1.31 – Position Classification Changes.

BUDGET NARRATIVE

11110000- HUMAN RESOURCES

Prior Period Accomplishments (July 1, 2020 to March 31, 2021), (Cont.):

- Created Administrative Regulation 1.32 – Performance Evaluations including a new performance evaluation and self-assessment form.
- Family Medical Leave Policy was amended to include updates made by the Department of Labor and California Family Rights Act.
- Pregnancy Disability Leave notices were amended for employees to better understand their various leave entitlements.
- In addition to information noted above, Human Resources staff began developing their own “how to procedures” for cross-training/succession planning purposes. So far, 9 procedures have been created detailing step-by-step instructions on how to complete a HR function.
- Performance Evaluations -To minimize the number of past-due evaluations, a tracking system was created to advise departments in advance of performance evaluation due dates. As of September 2020, Department Heads are now notified a month prior to the date an employee’s evaluation is due.
- Training –
 - Human Resources staff attended several web-based trainings or virtual conferences which included:
 - MOU Auditing, the Book of Long-Term Debt
 - Changes to the California Family Rights Act
 - Unfair Labor Practice Charges
 - Industrial Retirement
 - How COVID is Affecting the Workforce
 - Labor Relations- Beginning to End
 - Public Agency Risk Management Conference
 - What Public Employers Should Know About the Legal Issues Implicated by COVID-19 Vaccinations
 - The Legal, Philosophical, and Ethical Employer Considerations of the COVID-19 Vaccine
 - LCW Annual Conference
 - In compliance with SB1343 all City staff (part-time, full-time, and City Council) attended mandatory Sexual Harassment/Prevention training.

Alignment with Council's Goals:

A large portion of the Human Resources Division workload in the 2020/21 fiscal year consisted of responding to the COVID-19 pandemic. The Division implemented new policies and mandates, continually communicated with supervisors to ensure they provided a safe and healthy work environment and provided the tools necessary to do so and communicated with impacted employees. The Human Resources Division stayed apprised of the latest updates and made the changes necessary to ensure the

BUDGET NARRATIVE

11110000- HUMAN RESOURCES

Alignment with Council's Goals, (Cont.):

City of Hanford remained in compliance with the latest requirements. As outlined in the City Council's goals, this is an effort to provide the best possible services and enforcements.

Current Division Objectives:

With the continuous development and amendments of various employment laws and regulations, Human Resources Divisions are continually faced with additional requirements which greatly impacts the manner in which it operates. A modification to the organizational structure has occurred which will assist in meeting our current needs and respond proactively to emerging challenges. Over the next fiscal year, our goals consist of:

- Enhance the City's Risk Management Program by creating and/or amending applicable policies such as:
 - Injury and Illness Prevention Plan
 - Blood Borne Pathogens Policy
 - Substance Abuse Policy

Continually review safety and accident reports and create a system to notify departments of workers compensation claims and costs associated. Identify common injuries/accidents and create a plan to prevent future occurrences. Locate and/or develop trainings based on departmental needs and trends. Communicate with staff to determine cost-effective enhancements that can be made to assist in completing their job safely and effectively.

- In an effort to minimize the amount of time an employee is off from work due to work-related or personal injury/illness, implement a Return-to-Work Program.
- To address potential abuse of leave and absenteeism and to ensure employees are notified of their job protected leave benefits and Americans with Disabilities Act (ADA) and Fair Employment and Housing Act (FEHA) rights, establish an internal HR procedure and set thresholds to monitor sick leave balances. Once an employee has less than the designated threshold (based on years of service) communicate with the employee and their supervisor to determine if an interactive process should occur and/or other methods to mitigate the employee's absences.
- Launch a wellness program and employee challenges. Provide information on a continual basis to promote healthy lifestyles, combat obesity/diabetes, smoking/tobacco use, and other health-related factors that can increase the likelihood of injury, absences and medical claims. Contract with a central valley gym

BUDGET NARRATIVE

11110000- HUMAN RESOURCES

Current Division Objectives, (Cont.):

- to promote exercise and to assist in reducing workers compensation and high dollar medical claims.
- Complete the City's Compensation Plan as outlined in agreements reached with all bargaining groups.
- Training - Provide customer service training for front-line staff. Launch a leadership/supervisory academy to deliver effective and necessary tools required to successfully manage employees.

BUDGET NARRATIVE

13150000- INFORMATION TECHNOLOGY

Division Description:

The Information Technology Division encompasses the City's computer technology and telecommunications systems. The division provides a vision for future technology needs and assistance, enhancing business and daily operations.

The division maintains the City's network, server infrastructure, laptop/desktop computers, including Public Safety, and works with departments with their specific needs.

Prior Period Accomplishments:

During the prior year, the Information Technology Division accomplished the following:

- Worked with all departments assisting in the technology needs for the continuation of operations due to COVID-19 restrictions.
- Implemented the ability for Council and Commission meetings to be held remotely.
- Implemented livestreaming capabilities for Council and Commission meetings.
- Responded to over 700 internal help desk tickets.
- Managed the implementation of Tyler ERP software.
- Replaced over 30 desktop computers per the City's equipment replacement schedule.

Alignment with Council's Goals:

Information Technology has assisted across all departments to provide efficient and effective services to the citizens.

Current Division Objectives:

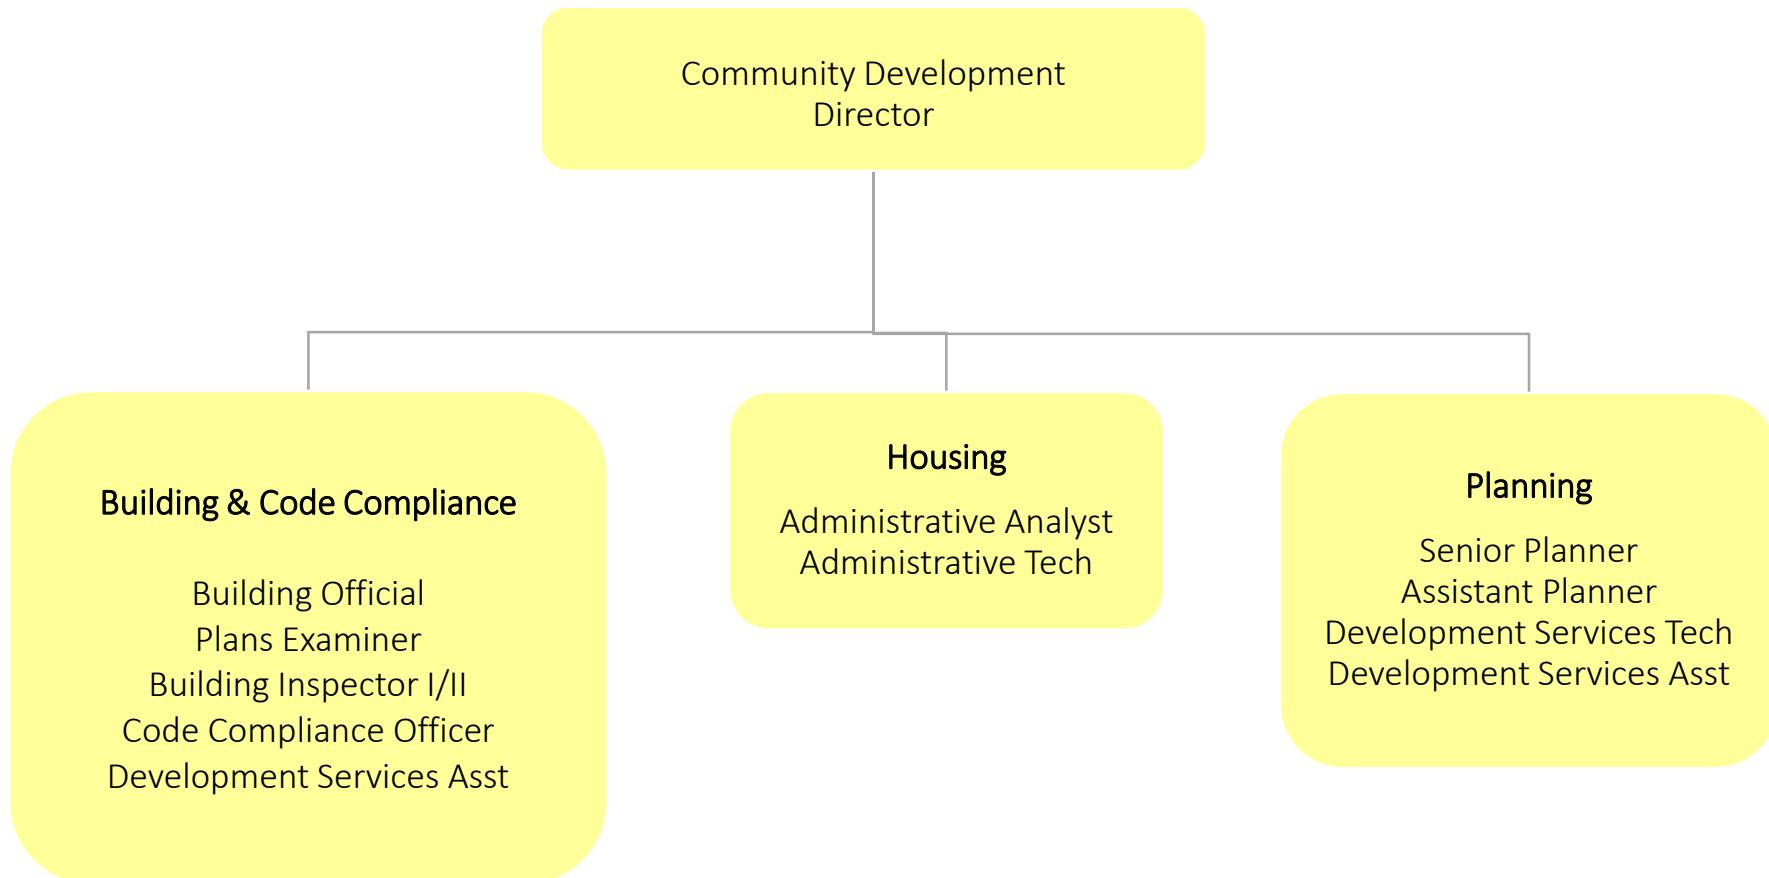

- Work with the departments to finalize the implementation of Tyler ERP software.
- Continue providing fast and efficient technology services for all of the departments within the City.

City of Hanford

Community Development

BUDGET NARRATIVE

14110000- COMMUNITY DEVELOPMENT- PLANNING

Division Description:

The Planning Division of the Community Development Department is responsible for providing the residents of Hanford with detailed information regarding Zoning and General Plan policies, which guide development within the City's Sphere of Influence.

The Planning Division provides the following services:

- Project Review: The Planning Division serves as the head of the Project Review Committee, which along with the Building Division, Public Works Department and Fire Department review development projects for consistency with the General Plan, Zoning Ordinance, California Building Code, Public Works Construction Standards, and the Fire Code.
- Environmental Review: The Planning Division is responsible for reviewing projects, in accordance with the California Environmental Quality Act (CEQA) guidelines.
- Entitlements: The Planning Division provides the necessary information to potential developers regarding the entitlement process and requirements, prior to submitting for building permits. The Planning Division also coordinates and processes the entitlement applications.
- Planning Commission Support: The Planning Division supports the Planning Commission, the discretionary body which reviews various entitlement projects, including Conditional Use Permits, Variances, Tentative Tract applications, Tentative Parcel Map applications, General Plan Amendments, Rezones, Annexations, and Right-of-Way Abandonments.
- Maintenance of City Development Codes – The Planning Division assures that City codes reflect the needs and desires of the community, as directed through the City Council.
- Compliance with State and Local Requirements – The Planning Division maintains the City's General Plan and Zoning Ordinance and makes recommendations for any amendments, as requested through application or City Council initiation.

Prior Period Accomplishments:

During the prior year, the Planning Division accomplished the following:

- Developed methods to continue operations due to COVID-19 restrictions, including operating procedures for outdoor dining, outdoor hair salon, outdoor places of worship, and outdoor fitness studio operations.
- Developed a mobile food vendor ordinance and procedures for operation.
- Applied to HCD for a \$150,000 planning grant (LEAP) to carry out various city projects, including a VMT analysis for conformance with SB 743.

BUDGET NARRATIVE

14110000- COMMUNITY DEVELOPMENT- PLANNING

Prior Period Accomplishments, (Cont.):

- Permitted two storefront cannabis retailers in the Downtown area.
- Entitled a 283-unit single-family residential development project (Tentative Tract 928).
- With the Building Division, assisted in issuing 112 (estimated 200 by end of fiscal year) permits for new single-family residences.
- Conducted a Municipal Services Review and initiated a Sphere of Influence Expansion with the Local Agency Formation Commission (LAFCo) of Kings County.
- Completed a large-scale amendment to an existing master plan community, Live Oak, in order to facilitate development of the planned community in southwest Hanford.

Alignment with Council's Goals:

- The Planning Division made customer services a forefront goal this year. Staff has reframed their answers to explain the regulations better, in order to help the public understand the reason for the regulation.
- During COVID, staff developed regulations for outdoor operation of restaurants, hair salons, religious institutions, and exercise studios. All applications were no cost and staff assisted the public in their submittal.
- Staff initiated a VMT Analysis and development of guidelines for addressing VMT, following expressed concerns from developers. Staff's intention is to analyze VMT city-wide, so that any project developed consistent with the General Plan can tier-off of the General Plan EIR. This would create a streamlined process and hopefully avoid environmental-related delays.

Current Division Objectives:

- Implement a new digital submittal and entitlement process through EnerGov.
- Conduct a comprehensive update of the Hanford Municipal Code, in order to reduce ambiguity and potentially change certain restrictions.
- Annex all county islands, in accordance with the Cortese Knox Hertzberg Act.
- Annex land into the industrial park from Kings County, to create more industrial opportunities for the City of Hanford.

BUDGET NARRATIVE

14120000- COMMUNITY DEVELOPMENT- BUILDING

Division Description:

The Building Division is responsible for the health and safety of the built environment through:

- Processing 2,000+ plans to ensure compliance with the most current State of California Codes.
- Providing 7,000+ inspections on all types of construction within the City of Hanford.
- Processing 1,100+ Code Enforcement cases.

Prior Period Accomplishments:

During the prior year, the Building Division accomplished the following:

- Developed methods to continue uninterrupted service to the public, both at our public counter and field inspections, during the COVID-19 Restrictions.
- Provided information at our COVID counter and updated our website to better inform and assist the public.
- Worked to build and implement our new permit system.
- Used video inspections as needed to complete inspections within 24 hours of the request.

Alignment with Council's Goals:

The Building Division strives to keep the citizens of Hanford informed through personal contact with our field personnel, conversation with our office personnel, and updated website information. We provide the best possible service and enforcement through effective and efficient customer service as applicable with our current staffing levels.

Current Division Objectives:

- Implement new Permitting process to better serve the public
- Employ an in-house Plans Examiner
- Review permitting process to achieve faster service

BUDGET NARRATIVE

14130000- PUBLIC HOUSING AUTHORITY

Division Description:

The Housing Division is responsible for administering projects and programs funded through Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME), CAL-Home, and Housing Successor Agency (former Redevelopment Low/Mod funds), State Housing Grants, and other funds. The staff prepares policies, procedures, implementation of programs, oversight of public improvement projects, administration, and monitoring of sub-recipients, loan repayment, and rental and single-family unit compliance. The Division is also responsible for fair housing service coordination, homeless efforts, and special projects.

Prior Period Accomplishments:

- The office of Community Planning and Development (CPD) completed remote monitoring of the City's CDBG Program. No Findings or Concerns were found.
- Completed 16th-year CDBG Grant implementation.
- Granted funds to social service agencies which assist the homeless in the City. Provided funds for six social service programs to meet city needs.
- Awarded \$664,009 in CDBG-CV funds for COVID-19 response.
- Developed and implemented Rental and Microenterprise Business Assistance programs in response to COVID-19.
- Assisted 36 households with Rental Assistance and 21 Business assistance.
- Prepared four substantial amendments to 2019-2023 Consolidated to include CARES Act (CDBG-CV) funding.
- Prepared 2019-2020 Consolidated Annual Performance Evaluation Report (CAPER).
- Prepared 2020-2021 Action Plan.
- Prepared quarterly and annual reports to HUD, HOME & CalHome.
- Prepared & coordinated financial draws from HOME & CalHome.
- Prepared & coordinated financial draws from HUD for CDBG.
- Prepared quarterly reports to HUD in IDIS.
- Park Improvements: CDBG funds supported improvements to parks in targeted areas, specifically Coe Park and Longfield Center.
- Public Improvements: CDBG funds supported the design and installation of ADA-accessible sidewalks, curb cuts, and lighting.
- Submitted a \$1.0 M CalHome Grant application for use toward First Time Homebuyer and Owner-Occupied Housing Rehabilitation Programs.
- Secured a California Department of Housing and Community Development HOME grant of \$500K to be used for the first-time homebuyer down payment assistance.

BUDGET NARRATIVE

14130000- PUBLIC HOUSING AUTHORITY

Prior Period Accomplishments, (Cont.):

- Monitored housing projects and programs with long-term affordability covenants for individuals and families with moderate, low, and very-low-income.
- Updated HOME Program First Time Homebuyer Program Guidelines.

Alignment with Council's Goals:

Consistent with the Council Goals and Objectives:

- The Housing Division is dedicated to providing programs that provide a healthier, safer, and more suitable living environment for eligible families of our community.
- The Housing Division strides in providing informative and friendly customer service.

Current Division Objectives:

- Carry out 2019/23 Consolidated Plan, Analysis of Impediments to Fair Housing Choice, CAPER 2020, and 2021/22 Action Plan and ensure their approval by HUD
- Develop strategies in collaboration with CDBG-funded agencies and City Departments to improve project completion and Federal Guidance compliance timeliness.
- Implement Tenant-Based Rental Assistance using HOME funds. Assist an estimated 25 families with Tenant-Based Rental Assistance.
- Continue to process and use HOME and CDBG program funds and program income to issue a minimum of twelve new first-time homebuyer loans.
- Continue to process and use CDBG program funds and program income to issue a minimum of twenty-five new grants.
- Expand marketing efforts to enlist new homebuyers, home emergency repairs prospects, and rental assistance.

BUDGET NARRATIVE

15110000- POLICE- SUPPORT SERVICES

Division Description:

Support Services Division oversees a variety of units and specialty assignments. These include detectives, major crimes task force, evidence technicians, administration, and training for the entire department.

The primary function of the Support Services Division is the investigation of major cases that occur within our jurisdiction. These crimes are typically too complex, time consuming, specialized and serious to handle at the patrol officer level. To accomplish this, they have five detectives and two evidence technicians. They are also supported by the other divisions when needed.

Additionally, they also handle backgrounds for concealed weapon permits, Cannabis applicants and taxi cab permits. The unit's other regular duties are to perform specialized child crime interviews, registration of all sex, arson and drug convictions, and computer crimes.

Prior Period Accomplishments:

It was an extremely busy year as the investigation's unit investigated 233 felony cases, with six being homicides, authored 754 reports and authored 130 search warrants. In regards to the homicides, the unit was able to solve each one. We also processed twenty-two cannabis background applications. Our investigators strive to provide the best possible service and criminal enforcement possible.

Alignment with Council's Goals:

The broad spectrum of services assists our citizens through maintaining their safety at the highest level possible. This division also receives specialized training that provides an increased level of service to our citizens. This division also works cases of significance and communicates the results through press releases, keeping our community informed.

Current Division Objectives:

Continue to assist the Operation Division with investigating complex cases to ensure the quick identification and apprehension of suspects. To maintain a high solvability in all crimes we investigate to deter crime and ensure the safety of the citizens of Hanford.

BUDGET NARRATIVE

15121000- POLICE- RECORDS

Division Description:

The Police Records division is the administrative and clerical arm of the police department. These services are provided to all police staff and to the general public visiting the police department or through other off-site records requests.

As the custodian of records, they ensure the security, confidentiality and proper handling of all records created by the department. Their primary function is photocopying, distributing and filing to the correct location, and documenting all arrests, traffic accidents, missing persons and other incident reports that are created by department personnel.

Prior Period Accomplishments:

We were able to hire a Senior Records clerk and fill a vacant records clerk position, thus spreading the existing workload and increasing productivity and efficiency. The Senior Records Clerk was able to streamline several processes including switching to electronic submission for monthly DOJ Audit reports. The Police Records Division personnel scanned old homicide and sex crime reports into our current records management system in order to have them more readily available.

Navigated an extremely difficult year with multiple staffing issues due to personnel being gone for personal and COVID related issues.

Alignment with Council's Goals:

Increased productivity and efficiency will help to provide the best possible services. Online payment options will help provide efficient and effective customer service to all.

Current Division Objectives:

- Switch the alarm billing to electronic, thus accepting online payments, which will alleviate the need for citizens to bring payment into the Hanford Police Department.
- Switch the dog permits to the electronic format to ease renewals for citizens.
- Continue to process all HPD reports in a timely manner and in accordance with CA law.
- Ensure all Records clerks are appropriately trained for the everchanging CA laws.

BUDGET NARRATIVE

15122000- POLICE- COMMUNICATION/DISPATCH SERVICES

Division Description:

The Communications Division is the primary answering point for all emergency and non-emergency requests for police, fire and emergency afterhours city services. This service is provided to the Cities of Hanford and Lemoore.

Police dispatchers monitor five computer screens to answer incoming 911 calls, non-emergency phone calls, and dispatch through the radio the appropriate City service. All calls run through a computer aided dispatching (CAD) software which aids them in prioritizing calls, evaluating workload, and determining the status and availability of the City's resources. The Communications division handles in excess of 120,000 calls per year.

Prior Period Accomplishments:

Due to the COVID-19 pandemic, our Communications Dispatch Center was extremely short staffed for much of 2020. Communications dispatchers worked countless hours of overtime to make up for the shortage. They also took the time to train Police Officers in the dispatch center. Several officers became very proficient and were able to alleviate some of the burden caused by the overabundance of overtime hours. They were able to work together to keep the communications dispatch center working effectively, thus keeping the officers and our community safe. During this year, Communications Dispatchers became recognized as First Responders.

Alignment with Council's Goals:

Working together, dispatchers and officers were able to staff the dispatch center, keeping the community safe and in turn providing the best possible services and enforcements. The Text 911 will give citizens another avenue by which to contact 911, providing efficient and effective customer service to all.

Current Division Objectives:

- If approved by council, it is our goal to hire two additional dispatchers to further staff our dispatch center and eliminate excessive overtime and increased call volume.
- The Text 911 system should be operating this coming year, allowing for citizens to text 911 rather than make a phone call. This is useful in situations where the citizen is unable to speak to dispatch due to a disability or for safety reasons due to their current situation. This will need to be implemented and advertised to the public.

BUDGET NARRATIVE

15122000- POLICE- COMMUNICATION/DISPATCH SERVICES

Current Division Objectives, (Cont.):

- Current radio equipment in the communications center is outdated and in need of replacement. In this coming year, radio equipment will be replaced, adding microwave and encrypted transmissions. This will keep radio transmissions from being heard by the public, thus increasing officer safety and protecting personal information. It will further put us in compliance with the Department of Justice's new encryption standards. The addition of microwave transmissions will alleviate \$12,000 in annual network bills.

BUDGET NARRATIVE

15130000- POLICE- OPERATIONS

Division Description:

The Operations Division is the backbone of the Hanford Police Department and it is comprised of Patrol Officers, a Parking Control Officer, a Police Service Technician, and Graffiti Abatement.

Their primary function is to provide a response to calls for service based upon the priority of the call, and when necessary they document crimes, accidents, and unusual occurrences they respond to. They make arrests, resolve disputes, conduct area checks and random patrols of our residences and businesses.

Officers participate in community policing which is a philosophy that promotes a partnership with the community in resolving problems that are being experienced. The Hanford Police Department is committed to providing proactive, professional and courteous law enforcement services to our community.

Prior Period Accomplishments:

The Hanford Police Department Operations Division handled over 60,478 incidents, wrote 6,379 reports, wrote 4,662 citations, 2,015 warnings, and made 2,855 arrests last year in order to provide the best possible services and enforcement to the citizens of this community. Officers worked diligently and professionally while dealing with the difficult situation that COVID-19 presented and the risk it had to the health of the officers, their families, and the public. This past year proved to be a challenge to all, but was met with the tenacity and resolve that is expected from our officers.

Alignment with Council's Goals:

This aligns with Council Goals three, four and five. The Operations division is the backbone of the Department and provides daily communication with citizens and crime victims to find needed information. They are a very diligent and hard-working team that provides service to our citizens that is second to none.

Current Division Objectives:

- The operations division will continue to provide proactive, professional, and courteous law enforcement services to our community. We will continue to embrace the community policing philosophy and building strong relationships with those we serve and protect.

BUDGET NARRATIVE

15130000- POLICE- OPERATIONS

Current Division Objectives, (Cont.):

- During the next year, the Hanford Police Department will embark on the implementation of the Racial and Identity Profiling Act (RIPA) and will put it into our day to day operations. This act will require data from all stops and searches of individuals to be collected and maintained to ensure that services being provided are not based on racial or identity biases. Through this act, we will enhance our ability of knowing that all citizens are being treated fairly and equally and that our officers are providing the best possible services and enforcements.
- Ensure all officers are up to date on POST Professional Training and emerging issues.
- Monitor the officers self-initiated activity in relation to RIPA to determine how it is affected compared to prior years.

BUDGET NARRATIVE

15140000- POLICE- TRAFFIC ENFORCEMENT

Division Description:

The Traffic Unit investigates traffic collisions, enforces the provisions of the California Vehicle Code and monitors problem traffic areas in the city to conduct targeted enforcement. These three officers have to split up their time to cover the entire 17 square miles of the city.

The Traffic Unit is on call for, and conducts the investigation on, all major collisions in the city. They receive specialized training to conduct these advanced investigations and work regularly with the California Highway Patrol. The traffic unit is also responsible for monitoring Traffic Safety Grants and organizing the operational aspects that are required.

Prior Period Accomplishments:

The Hanford Police Department Traffic Unit wrote over 2,600 citations and over 400 reports on incidents that they responded to last year. They emphasized targeted traffic enforcement in areas of concerns, and those having multiple accidents, in order to reduce traffic collisions and provide safer streets for our citizens.

Alignment with Council's Goals:

The Traffic Unit takes traffic collisions and keeps the Citizens informed through the prompt completion of reports. The unit identifies traffic problems in the city to provide the best possible service and traffic enforcements, through efficient and effective customer service.

Current Division Objectives:

- The Traffic Unit will continue to provide targeted traffic enforcement, in areas of concern throughout the city, in order to positively affect the overall amount of traffic collisions in the city.
- With COVID declining and schools getting back into session, the Traffic Unit will return to providing demonstrations and education to our local schools. These forms of education aim to keep our youth informed of changes to laws and help them understand the importance of safe operation of motor vehicles and the effects of poor or impaired driving.

BUDGET NARRATIVE

15150000- POLICE- MULTI-AGENCY TASK FORCE

Division Description:

Commonly referred to as the Major Crimes Task Force. This organization is comprised of law enforcement officers from all agencies within Kings County. It is supervised by an agreed upon supervisor. Investigator assigned to the task force are rotated in and out based upon each agencies department head.

The task force is primarily charged with investigating major organized crimes that occur in our county. These investigations are often complex, crossing multiple jurisdictional boundaries and will take months of investigation to complete. They also respond to requests for assistance from any agency participating in the task force.

Prior Period Accomplishments:

The Kings County Major Crimes Task Force assisted in the identification, location and apprehension of 8 homicide suspects. They are a vital intelligence resource that led to arrest of over 40 suspected gang members for drug and firearm sales. The unit seized over \$108,000 in drug money and 17 guns were removed from the possession of felons. The members are dedicated to providing the best possible service and criminal enforcement possible to all of the agencies of Kings County.

Alignment with Council's Goals:

This aligns with Council Goals four and five. This investigative unit is one of the most skilled units in the County. Their experience and training are above that of a normal officer in order to provide a high level of service.

Current Division Objectives:

- The Major Crimes Task Force will respond to assist all law enforcement agencies in Kings County.
- Investigate major crime, gang, and drug cases in Kings County.

BUDGET NARRATIVE

15160000- POLICE- SCHOOL RESOURCE OFFICER PROGRAM

Division Description:

The School Resource Officer (SRO) Unit is responsible for the overall safety and security of all students and faculty at their respective assignments. They patrol the campus during school hours to serve as a deterrent to unlawful activity.

The SRO is not just an enforcement officer, they engage in the counseling, coaching, tutoring and positive interactions with the students assigned to their campuses. They are proactive in their approach to problems and promote a feeling of security and learning at the campuses they work with.

This is a partnership with Hanford Joint Union High School, Hanford Elementary, and Kings County office of Education Pioneer Elementary School Districts. The Districts provide a majority of the funding for the 8 officers that are assigned to this division.

Prior Period Accomplishments:

This year, School Resource Officers were forced to adjust and adapt to online education due to the COVID-19 pandemic. They significantly increased their number of home visits and added duties such as delivering school supplies and equipment to students. They had to deal with increased truancy issues, due to students not logging in to class from home. School Resource Officers worked with school administrators to find creative alternatives and plans for students to deal with their attendance and grades. Adjustments were made to the Jr. Explorer Program so it could be presented via zoom, again requiring creativity on the part of the SROs.

Alignment with Council's Goals:

School Resource Officers were able to adapt to the online schooling format and assist school districts in combating truancy and learning obstacles, thus providing the best possible services, enforcements and efficient and effective customer service to all.

Current Division Objectives:

- Prepare for the return of students for full-time, in-person learning. This will give them more face to face interaction and allow them to better connect with their students.
- The SRO unit plans to increase ALICE and other safety training for school administration, staff and students, with the return of in-person learning

BUDGET NARRATIVE

15160000- POLICE- SCHOOL RESOURCE OFFICER PROGRAM

Current Division Objectives, (Cont.):

- Work with Pioneer School on a full time SRO. This was addressed with the school board prior to COVID-19, as they currently only have a part-time position. An objective of this unit is to revisit this proposal once school is fully back to in-person learning.

BUDGET NARRATIVE

15170000- POLICE- PROBLEM ORIENTED POLICING PROGRAM

Division Description:

The Problem Oriented Policing Unit (POP Team) consist of four (4) officers. Their primary duty is to analyze crimes occurring in our jurisdiction and find clusters of incidents which are similar in nature and using an unusual large amount of police resources. They then are tasked with finding permanent solutions to whatever the cause is.

Using a Community Oriented Policing philosophy, they use any resources necessary to find a tailor-made solution to any problem they are seeking to resolve.

Prior Period Accomplishments:

The Hanford Problem Oriented Policing Team organized the annual National Night Out event as well as the Autism Awareness event. These organized events build and strengthen our relationships with the community as well as keeping our citizens informed. The POP team has also worked in conjunction with the Detective division on a series of recent shootings. The POP team identified and arrested the suspects. They also confiscated 6 firearms used to commit the shootings.

Alignment with Council's Goals:

The POP unit is a huge resource to the department and the community as they work with citizens to identify and solve problems that patrol officer do not have the time or resources to deal with. This service keeps the citizens informed, provides enhanced services, and efficient services to all.

Current Division Objectives:

- The Problem Oriented Policing Team will continue to educate the citizens of Hanford through events like National Night Out, Autism Awareness, as well as Crime free Multi Housing Program.
- They will collaborate with the Detectives Division and the Major Crimes Task Force. They will ensure they provide the citizens with excellent service and enforcement.
- Be a resource to the operations division in identifying and responding to crime trends.

BUDGET NARRATIVE

15180000- POLICE- ANIMAL CONTROL

Division Description:

The Animal Control Unit (ACO) consists of two (2) ACO's that oversee compliance with issues related to animals.

These two officers respond to investigate cases of animal abuse, neglect, bites and barking complaints. They conduct inspections related to the housing, breeding, licensing and permitting of pets. They are the liaison between the community and the Kings County Animal Control Shelter.

Their mission is to protect animal from negligent owners and help the citizen be responsible pet owners by licensing, altering and caring for their pets.

Prior Period Accomplishments:

From February 2020 to December 2020, the Animal Control Unit had only one (1) full-time Animal Control Technician. She was assisted periodically by the Community Enhancement Officer. In December of 2020, we were able to hire a second full-time Animal Control Technician. This helped to distribute the workload, provide faster response, and ultimately increase the efficiency of the animal control unit.

Alignment with Council's Goals:

Hiring a second animal control technician to fill a vacancy helped improve response times and efficiency in handling calls, which helped to provide the best possible services and enforcements as well as efficient and effective customer service to all.

Current Division Objectives:

- Provide necessary euthanasia training for our new animal control technician.
- Replacing outdated and broken equipment including tasers and mobile data terminals needed by the Animal Control Unit.
- Increase the number of animals being Licensed by the police department.

BUDGET NARRATIVE

15190000- POLICE- HOMELESS ASSISTANCE RESOURCE TEAM PROGRAM

Division Description:

The Homeless Assistance Resource Teams mission is to address the causes of homelessness from the perspective of problems encountered by businesses, residents, the City, and person experiencing homelessness. They stay up to date on current trends and coordinate with many agencies to accomplish this broad mission.

Their function can be a cleanup one day, to seeking housing the next. They are dispatched to any call involving the homeless while they are working.

Prior Period Accomplishments:

The Homeless Assistance Resource Team completed approximately 15 cleanups of homeless encampments and 30 family reunifications during the prior year. They worked with Project Room Key to house 25 homeless subjects and completed a homeless service proposal for Human Services. They worked diligently to enforce laws and city ordinances. They updated letters of agency for trespass cases and shopping carts.

HART has recovered over 1,500 shopping carts valued at approximately \$240 each. The HART team provided presentations to the District Attorney's Office, the Grand Jury, and conducted a community business meeting.

We were able to hire a new park resource officer. This position will provide safety and security to our City Parks.

Alignment with Council's Goals:

HART provided the best possible services and enforcements through cleanup of homeless encampments, recovery of shopping carts and reunification of homeless subjects with their families. The addition of the Park Resource Officer provides safety and security to our City Parks in alignment with council goals to keep citizens informed and to provide efficient and effective customer service to all.

Current Division Objectives:

- Provide appropriate family reunification.
- Cleanup of homeless encampments, as well as maintaining those cleanups which have already occurred in problem locations throughout the city.
- HART will also focus more on educating the community regarding their efforts by distributing educational and promotional materials.
- Reduce calls for service regarding homeless individuals and the associated problems.

BUDGET NARRATIVE

15200000- POLICE- CANINE

Division Description:

The police canine (K-9) program consists of four (4) K-9 Officers. These officers are assigned to work the four different patrol shifts. They use their K-9 partners as tools to keep officers and the community safe. They are responsible for the security, care, maintenance, health, and training of their K-9 partner.

We currently do not have the ability to relieve them of patrol duties, so they serve a dual role and also answer calls for service. In addition to these duties the K-9 Officer is a liaison with the community and also conducts demonstrations and participates in fund-raising efforts to support the program.

Prior Period Accomplishments:

Last year the Hanford Police Department K-9 unit was able to add their fourth dog to the program, allowing there to be a K-9 on each of the four patrol shifts. This addition to the unit enhances the ability of the Hanford Police Department to always have a K-9 available to assist on calls for service and allows them to provide better services and enforcement. Last year the unit handled over 4,700 incidents and proved to be a force multiplier in many of the actions they took.

Alignment with Council's Goals:

- Citizens to be kept informed.
- City will provide the best possible services and enforcements.
- Efficient and effective customer service to all.

Current Division Objectives:

- The K-9 Unit will continue to provide the department with the additional resources and tools the K-9's provides. These tools include drug and article searches, suspect apprehension, and a deterrence to use of force. The K-9 unit will work on enhancing the recognition of different odors in order to allow the K-9's to detect more items than they currently do at this time.
- With COVID declining, the K-9 Unit will get back to providing demonstrations and education to our citizens through local events and fundraisers. These forms of education aim to build stronger relationships with our citizens while helping them to understand how this unit enhances police work and their safety.
- Continue to improve their training and education to reduce potential liabilities on this new unit.

City of Hanford

Fire

BUDGET NARRATIVE

16100000 FIRE- ADMIN/SUPRESSION

Division Description:

The Fire Suppression arm of the Fire Department is primarily responsible for the response to an event. Department personnel are constantly involved in public education, training, and other public services but their primary role is to mitigate an incident when they are made aware of them. Firefighters respond to fires, emergency medical services, rescues, hazardous materials, public assists, and anytime there is no one else to call and the public needs help.

Prior Period Accomplishments:

During the prior year, the Fire Department accomplished:

- Responded to nearly 6,400 emergency incidents.
- With Council approval, implemented the OES Engine sharing programs which will save the City approximately \$26,000 annually in maintenance and vehicle replacement funds.
- With Council approval, reorganized the department to fully staff the third station with Captain, Engineer, and Firefighter. This significantly reduced exposure and risk to the City while increasing safety and customer service to all citizens and personnel.
- During the COVID-19 pandemic, Fire personnel developed and maintained Incident Action Planning documents, worked with Finance for grant reimbursement, and developed the decontamination system being utilized to protect all City employees from exposure to COVID-19, and many other risks. Working with the KC Health Department, personnel participated in administering vaccinations. During peak numbers, CCEMSA, American Ambulance, and Fire resources modified responses to limit exposure to front line personnel. Combined, these activities may have aided in no line personnel contracting COVID-19.
- Personnel and apparatus responded to a dozen out of county wildland fires during one of the busiest fire years in California. Reimbursements for personnel, apparatus, and administrative fees neared \$600,000. For reference, the previous year was approximately \$120,000.
- Updated automatic aid agreement with Kings County to provide the closest resource to citizens of Hanford and all those who visit the City.

Alignment with Council Goals:

For Fiscal Year 2021, Council prioritized goals for the City to strive towards success. The Fire Department conducted safety inspections of all stations and determined long range repair and maintenance plans (Goal 2).

BUDGET NARRATIVE

16100000 FIRE- ADMIN/SUPRESSION

Alignment with Council Goals, (Cont.):

The department's presence on Facebook became more assertive and the website was updated to address the changes in the department (Goal 3). The website will continue to be updated.

An assertive training program was implemented to address leadership needs and changing environment (Goal 4). Reorganizing the department provided for increased safety and customer service (Goal 4 & 5). Development of the Fire Explorer program and other community outreach events (Goal 5).

The Fire Department Mission; "To protect residents and visitors of Hanford from conditions that would pose a threat to life, environment, and property by utilizing aggressive prevention techniques and, when needed, respond to all emergencies in a safe, swift, and efficient manner" is in alignment with most Council goals.

Current Division Objectives:

Upcoming budget cycle:

- Continue repairs and upgrades of station grounds to remove hazards and reduce water consumption by moving toward xeriscape at all stations.
- Continue to update department website to provide current information and education to the community.
- Continue to train and develop updated responses and techniques to provide the most efficient and professional services to all customers.
- Reorganize our volunteer firefighter program to enhance services and improve retention.
- Participate in KC Fair and Thursday Night Marketplace teaching fire safety and 60 second CPR.
- Seeking grant funding to offset costs for radios, personnel, training, etc.

BUDGET NARRATIVE

16110000 FIRE- FIRE PREVENTION

Division Description:

The Fire Prevention arm of the Fire Department is primarily responsible for the prevention and education within the City of Hanford. The Bureau is responsible for actively seeking compliance of federal, state, and local code, ordinance, standards and, when necessary, to enforce those regulations. Prevention personnel are involved in public education and community training. The investigations unit is covered through suppression personnel, but the program is managed under the Fire Prevention Bureau.

Prior Period Accomplishments:

During the prior year, the Fire Department accomplished:

- With Council approval, hired a new civilian Fire Marshal.
- Worked with numerous businesses and organizations to bring up to compliance with focus on large occupancies, such as schools, jails, chain stores, etc. The goal being to limit the financial impact on businesses impacted by COVID. While a struggle, personnel were able to focus on areas that had been missed for several years.
- Incorporated Sparky the Fire Dog into children safety and education program.
- Begin collecting reimbursements for inspections.

Alignment with Council's Goals:

For Fiscal Year 2021, Council prioritized goals for the City to strive toward success. The Fire Department conducted safety inspections of the Civic, Bastille, Courthouse, and the Carnegie to determine needs (Goal 2).

Prevention staff are reaching out to organizations and property managers to develop success plans to gain compliance and provide information about the updates to regulations (Goal 3).

Every interaction is an opportunity to educate the public on fire safety and personnel work to stay engaged with the community as part of the process (Goal 3).

The best outcome for prevention is willing compliance without enforcement. Personnel work with the businesses to develop a plan toward success rather than simply hitting them with fines for non-compliance, unless it becomes necessary to achieve compliance (Goal 4).

The goal of the Fire Prevention Bureau is to stop the fire before it starts through education, compliance with regulation, and, if necessary, enforcement. This is accomplished through developing partnerships with our community, local businesses, and our leadership. Working together we all are safer (Goal 5).

BUDGET NARRATIVE

16110000 FIRE- FIRE PREVENTION

Alignment with Council's Goals, (Cont.):

The Fire Department Mission; “To protect residents and visitors of Hanford from conditions that would pose a threat to life, environment, and property by utilizing aggressive prevention techniques and, when needed, respond to all emergencies in a safe, swift, and efficient manner” is in alignment with most Council goals.

Current Division Objectives:

Upcoming budget cycle:

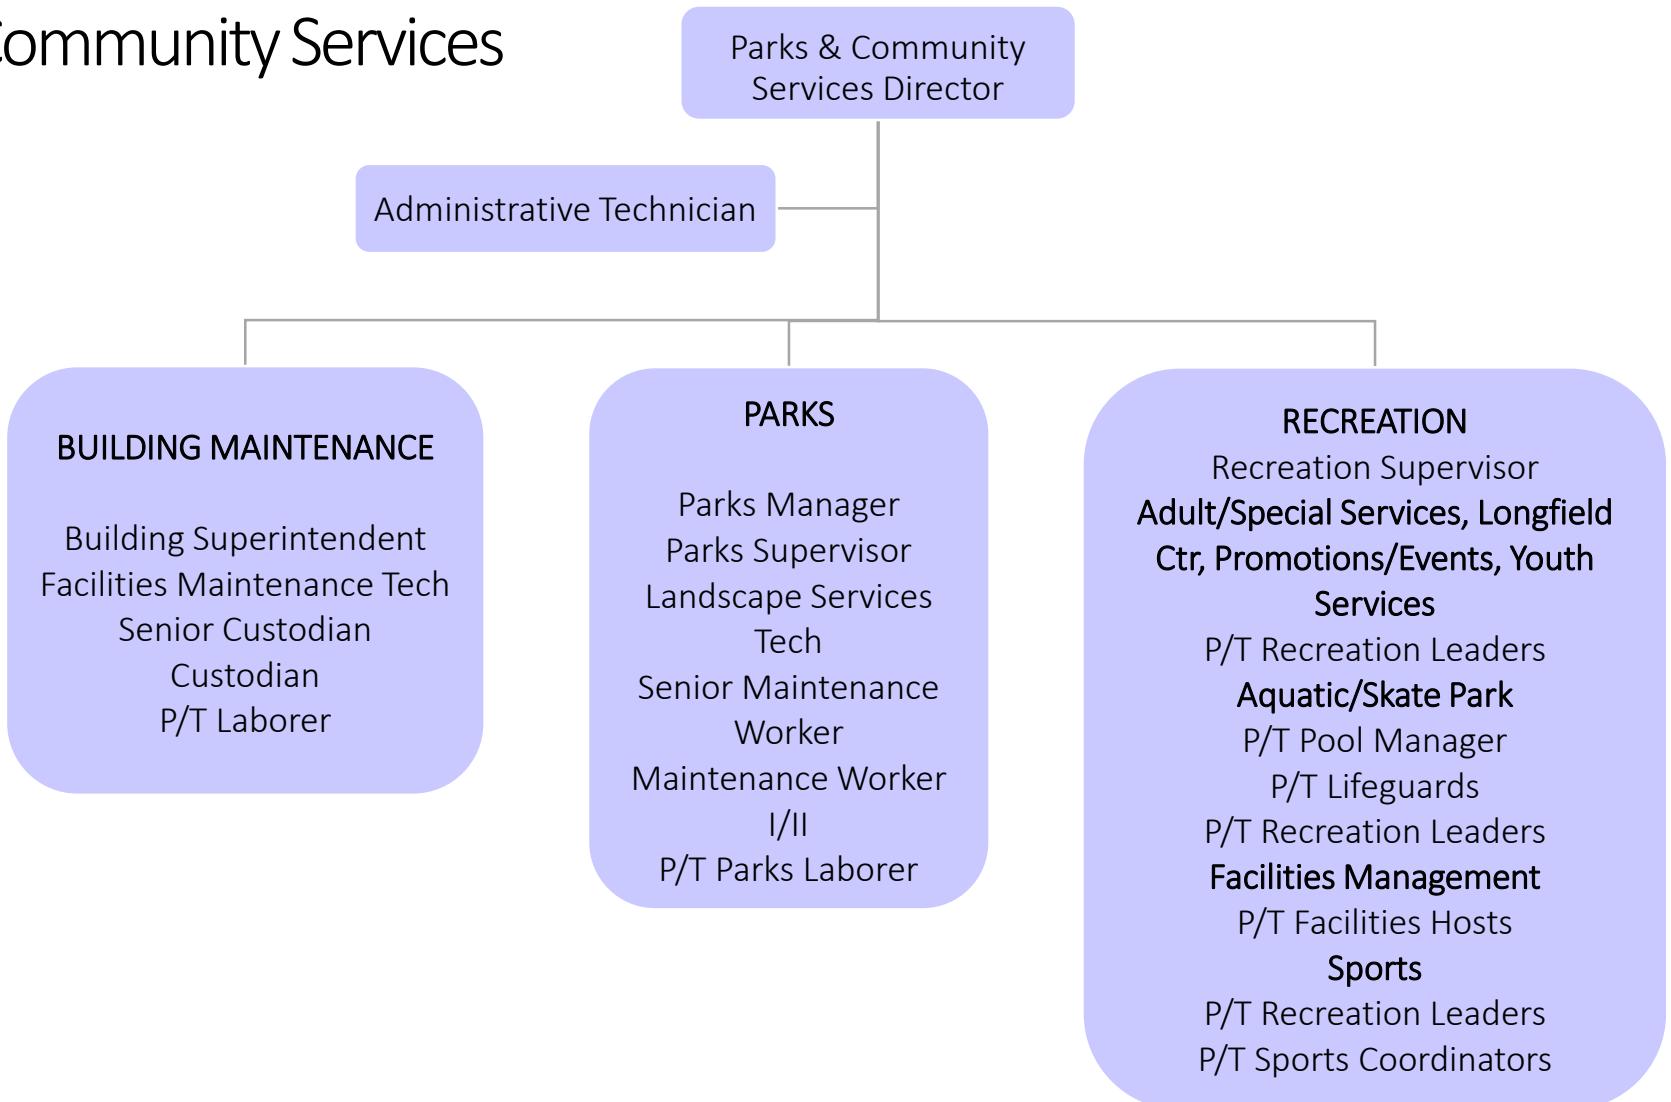

- Get back into the schools for public education events.
- Participate with KC Fair, Thursday Night Marketplace, and other community events to share our safety and partnership message.
- Bring the City back up to code with inspection requirements over the next 2 years.
- Develop information packets for businesses and managers to be prepared for their safety inspection.
- Seeking grant funding for a safety trailer for school programs, community events, and public education.

17111720 – Adult/Special Services 1721 – Promotions/Events 1722 – Parks 2100 – Building Maintenance

BUDGET NARRATIVE

17100000- PARKS & COMM. SERV.- ADMINISTRATION

Division Description:

The purpose of the Administrative Division is to support the administrative, clerical and operational functions of the department's divisions. This includes requisition, purchasing, and tracking of the budget; grant writing, strategic planning and performance management.

Prior Period Accomplishments:

- Submittal of the Proposition 68 Statewide Park and Community Revitalization Program grant to acquire and develop the proposed 40-acre Heroes Park.
- Establishment of the Longfield Advisory Committee to reinvent and reimagine the Longfield Center.
- Establishment of the pilot Park Resource Officer Program, focusing on park safety.
- Establishment of facility use agreements for the Veteran's Building.

Alignment with Council's Goals:

The Administrative Division is in direct alignment of the Council's Goal #1: Council will review the Parks Master Plan to ensure formal decisions, actions and allocation of resources enhance and maximize the important role of parks in helping to achieve improved quality of living for all residents.

Current Division Objectives:

- To develop baseline data for all programs to measure and track operational effectiveness and efficiency.
- To plan and implement the Tyler-Munis Parks and Recreation software system.
- To update the City of Hanford's Pedestrian and Bicycle Master Plan to include a multi-use/nonmotorized trail system.
- To secure grant funding to develop phase one of the multi-use Peoples Path.

17160000- PARKS & COMM. SERV.- FACILITIES

Division Description:

The purpose of the Facilities Division is to clean and maintain city-owned properties to ensure clean, safe and well-maintained facilities for the community.

BUDGET NARRATIVE

17160000- PARKS & COMM. SERV.- FACILITIES

Prior Period Accomplishments:

- Successfully implemented the required COVID-19 sanitation protocols to ensure cleanliness and safety of city staff and the general public.
- Remodel/renovation of the Longfield Center lobby, office and conference room.
- Remodel/renovation of the Parts office/shop area within the Public Works Department.
- Renovation of the vintage carousel within Civic Park to improve aesthetics and operational safety.

Alignment with Council's Goals:

The Facilities Division is in direct alignment with Council's Goal #2: Council will review all city-owned properties and take formal action as appropriate to ensure that property management decisions help to advance and achieve improved quality of living for all citizens.

Current Division Objectives:

- To improve operational effectiveness and efficiency.
- To develop systems to accurately track allocation of time and resources.
- To successfully plan and begin repairs and renovation to the Civic Auditorium and Veteran's Building.

17220000- PARKS & COMM. SERV.- PARKS

Division Description:

The purpose of the Parks Division is to successfully maintain and improve 155-acres of city-owned parks and medians and to ensure all parks are safe and a source of pride within the community.

Prior Period Accomplishments:

- Designated as "Tree City USA" by the Arbor Day Foundation.
- Development of a park rating system that measures the quality, safety and aesthetics of city-maintained parks and medians.
- Launch of an assessment of the City's Landscape Assessment Districts to ensure financial sustainability of all districts.
- Beautification of Centennial and Hidden Valley Park entrances.
- Installation of the new playgrounds at Coe and Lakewood Parks.
- Planting and dedication of the City's official Christmas tree within Civic Park.

BUDGET NARRATIVE

17220000- PARKS & COMM. SERV.- PARKS

Alignment with Council's Goals:

The Parks Division is in direct alignment of the Council's Goal #1: Council will review the Parks Master Plan to ensure formal decisions, actions and allocation of resources enhance and maximize the important role of parks in helping to achieve improved quality of living for all residents.

Current Division Objectives:

- Improve the overall rating of City Parks.
- Improve turf maintenance practices.
- Improved operational effectiveness and efficiency.
- Complete park beautification projects as appropriate.

MULTIPLE DIVISIONS- RECREATION

Division Description:

The purpose of the Recreation Division is to provide the community a variety of programs, services and facilities to improve the quality of living for all Hanford residents.

Prior Period Accomplishments:

- Due to the COVID-19 pandemic, the Recreation Division was operated in a greatly diminished manner. To counteract these restrictions, innovative social media and at-home events were conducted to engage the community.
- Carefully articulated the current COVID-19 precautions to a variety of sports groups, organizations and individuals seeking guidance.

Alignment with Council's Goals:

The Recreation Division is in direct alignment of the Council's Goal #1: Council will review the Parks Master Plan to ensure formal decisions, actions and allocation of resources enhance and maximize the important role of parks in helping to achieve improved quality of living for all residents.

Current Division Objectives:

- To fully reopen all programs, activities and facilities to provide quality recreational opportunities to the community.
- To increase recreational revenue by 10% by improving cost-recovery for all programs, permits and services.

BUDGET NARRATIVE

MULTIPLE DIVISIONS- RECREATION

Current Division Objectives, (Cont.):

- To successfully plan and implement the proposed Hanford Winter Wonderland event within Civic Park.
- To increase resident participation in all programs by 5%.

2040 – Fleet Maintenance	

BUDGET NARRATIVE

20100000- PUBLIC WORKS- ADMINISTRATION & ENGINEERING

Division Description:

Administration/Engineering Division is responsible to provide leadership and management to all divisions of the Public Works Department to meet established service levels. Engineering Division staff are responsible to administer and coordinate the various programs necessary to properly maintain Public Works facilities, deliver services, and to review, condition, and inspect private and commercial development projects.

This division prepares and implements the City's capital improvement program; ensures compliance with state and federal regulatory issues; prepares and processes grant applications; administers state and federal funding, provides municipal engineering services and represents the Public Works Department on various city committees and commissions, issues and maintains Encroachment Permits; and performs traffic related studies to evaluate safety issues.

The Administration/Engineering Division is funded by various city enterprise funds as well as general fund revenues.

Prior Period Accomplishments:

During the prior year, the Administration/Engineering Division accomplished the following:

- Capital Improvement Projects: Provided Engineering design, project management, and inspections for multiple CIP projects for the City including the East Side Sanitary Sewer Trunk Main Installation; 13th Avenue at Grangeville Boulevard signal and widening; Airport runway improvements; Hanford-Armona Road at Irwin Street traffic signal, City Hall re-roofing; Water main replacement; and Water well and piping improvements.
- Private and Commercial Development Projects: Completion of 9 subdivisions, including 640 new home lots.
- Provide inspections for capital improvements, private and commercial, and residential improvement projects.
- Issued approximately 70 permits per month (840+/-) permits and provided inspections for individual encroachment permit improvements.
- Due to COVID, traffic counts were not collected, and will resume when businesses are open and traffic is flowing normal.

Alignment with Council's Goals:

The Administration/Engineering Division receives many calls from residents for customer service requests. Staff provides the best service possible to resolve issues directly and

BUDGET NARRATIVE

20100000- PUBLIC WORKS- ADMINISTRATION & ENGINEERING

Alignment with Council's Goals, (Cont.):

provide residents with the information they need to complete processes. The front administration office recently installed an information rack where flyers and information are available for residents. The information includes storm water pollution, water conservation, trash collections, and other relevant topics. A new refuse issue tracking system was implemented to ensure customer concerns are addressed in a time efficient manner.

Current Division Objectives:

- Update traffic counts that were delayed due to COVID restrictions and reduced traffic on roads.
- Revise the tree permit to allow an annual permit option.
- Improve City's website to allow projects bidding, awarded, in construction, and accomplishments to be posted for residents and contractors information.
- Increase notification to the public of work-related traffic issues to ensure motorist awareness and safety.

BUDGET NARRATIVE

20310000- PUBLIC WORKS- REFUSE OPERATIONS

Division Description:

The Refuse division in the Public Works Department provides collection and disposal of refuse, recyclables, and green waste to the City of Hanford's 18,000 residential and commercial accounts, collecting approximately 37,000 tons of solid waste per year.

The division provides green waste, co-mingled recyclable and refuse solid waste collection and disposal services, with a goal to reduce the amount of solid waste being disposed of at the landfill through the use of efficient, cost effective and environmentally sound waste management practices. This division conducts an annual city-wide clean-up program; provides a segregated cardboard collection route for commercial customers and ensures that new businesses implement and maintain recycling programs.

Prior Period Accomplishments:

During the prior year, the Refuse Division accomplished the following:

- Created and filled Recycling Coordinator position to promote recycling community-wide.
- Completed a residential collection route efficiency analysis and modified collection routes accordingly.
- Sponsored two weeks of Community clean-up days, where residents could dispose of solid waste, free of charge, at the Kings Waste Recycling Authority (KWRA).
- Assisted as a Technical Advisory Committee Member to the Kings Waste and Recycling Authority.

Alignment with Council's Goals:

The Refuse Division communicates important information directly with residents through notices in their utility bills, notices in the Hanford Sentinel, and use of the City's social media pages. This is done to provide our customers with the information needed to minimize the inconveniences of changes in their services. A new refuse issue tracking system was implemented to ensure customer concerns are addressed in a time efficient manner.

Current Division Objectives:

- Continue to provide courteous and efficient customer service at all levels.
- Complete a commercial collection route efficiency analysis and modify collection routes accordingly.

BUDGET NARRATIVE

20310000- PUBLIC WORKS- REFUSE OPERATIONS

Current Division Objectives, (Cont.):

- Increase commercial participation in the recycling program.
- Effectively communicate service changes and special events and programs to those affected through mailers, social media, and the City's website.

BUDGET NARRATIVE

20320000- PUBLIC WORKS- REFUSE STREET CLEANING

Division Description:

The Streets Division staff are responsible for maintenance and repair of streets, alleys, parking lots, traffic control systems and downtown area street lights, to provide an efficient and safe transportation network. The City's roadway network, comprised of over 210 miles of streets, is the largest single asset owned by the City.

This division performs traffic signal preventative maintenance; repaints curbs, crosswalks, pavement legends and street centerlines; conducts a crack sealing program; installs or repairs sidewalks; and hangs seasonal banners, holiday garlands and twinkle lighting in the downtown area.

The Street Division is funded by a combination of gas taxes and general fund revenues.

Prior Period Accomplishments:

During the prior year, the Streets Division accomplished the following.

- Milled, shaped, compacted and paved half a mile of Idaho Avenue with assistance from City of Hanford Engineering Dept.
- Applied 87,150 pounds of crack sealant to various City streets.
- Removed 5,537 S.F. of sidewalk.
- Installed, repaired or replaced 996 City street signs.
- Striped all City streets and repainted all City traffic legends.
- Responded to 464 traffic signal calls and annual inspections on all City traffic signals.
- Updated the signal coordination for the 11th Avenue, 12th Avenue, and Lacey Boulevard corridors.

Alignment with Council's Goals:

The Streets Division will strive to provide a high level of customer satisfaction by interacting with customers in a positive, efficient and effective manner. Streets will respond and resolve all customer concerns in a timely manner.

Current Division Objectives:

- Repaint all City centerlines, traffic control legends.
- Apply 60,000 pounds of crack sealant to various City streets.
- Complete City fiber seal, mill and fill and reclamite seal project, rehabilitating approximately 2,340,000 S.F. of City streets.
- Install, maintain and remove all yearly seasonal banners, holiday decorations and twinkle lights in the downtown district

BUDGET NARRATIVE

20320000- PUBLIC WORKS- REFUSE STREET CLEANING

Current Division Objectives, (Cont.):

- Respond to all traffic control issues in a timely and effective manner.

BUDGET NARRATIVE

20400000- PUBLIC WORKS- FLEET MAINTENANCE OPERATIONS

Division Description:

The function of the Fleet Maintenance Division is to ensure that city owned vehicles are available, dependable, safe to operate, cost effective, and energy efficient. Staff is responsible for purchasing and maintaining all city vehicles and equipment, and for providing scheduled maintenance to reduce overall vehicle operating costs, extend useful life, and minimize downtime.

This division ensures conformance with the Department of Transportation and Department of Motor Vehicle regulations, and the Air Resources Board regulations. Preventative and routine maintenance of the Courthouse carousel and Freddie the Firetruck is also a responsibility of Fleet Maintenance.

Fleet Maintenance is an internal service fund. Records are kept on each piece of equipment through a Fleet Management software system. Based on these records, revenue is received by charging user departments on a cost reimbursement basis.

Fleet Maintenance is responsible for evaluating all equipment, vehicles and radios for replacement in accordance with approved replacement fund criteria, and prepares purchase specifications and bid proposals in accordance with the evaluation results.

Prior Period Accomplishments:

- Implemented vehicle sanitizing procedures to maintain safe operations due to COVID-19.
- Added a new Shop and Parts Specialist position.
- Created a separate Parts and Service space and counter utilizing existing shop space.

Alignment with Council's Goals:

The Fleet Maintenance Division receives requests from all departments for maintenance and repair of City vehicles and equipment. We have incorporated a new fleet maintenance software that will allow actual costs to be charged to each division based upon use.

Current Division Objectives:

- We will be adding a Diesel Exhaust Fluid (D.E.F.) dispenser on our existing Fuel island to allow for ease of use by operators and the ability to accurately monitor our inventory.
- Updating our Fleet Management Software to a Web based system to provide better functionality and improved equipment details needed for Fleet Maintenance and Replacement.

BUDGET NARRATIVE

20400000- PUBLIC WORKS- FLEET MAINTENANCE OPERATIONS

Current Division Objectives, (Cont.):

- Installation of an updated Fuel Management software.
- Utilizing barcoding of our Parts for improved inventory management.

BUDGET NARRATIVE

20610000- PUBLIC WORKS- STORM DRAINAGE OPERATIONS

Division Description:

The Storm Division is responsible for providing a safe, dependable storm drainage system through timely cleaning, repair and maintenance of all facilities. This division maintains a network of over 56 miles of storm drainage pipelines, 31 storm drainage pump stations and over 210 acres of drainage basins.

The division also coordinates with and encourages the Kings County Water District to maximum groundwater recharge through the use of the City's drainage system. Staff also conducts a public education and outreach program to educate the general public about the environmental impacts of disposing unwanted products into the City's storm drainage system.

Storm drainage operations are administered through the Utility Division and are funded from user fees charged to customers for drainage service.

Prior Period Accomplishments:

- Clean 137 inverted siphons semi-annually.
- Clean 1,040 drain inlets annually.
- Clean and vacuum all storm drainage pump stations semi-annually.
- Inspect and repair all drainage basin facilities on a weekly basis to ensure that proper operation and security are maintained.

Alignment with Council's Goals:

The Storm Division provides a high level of customer satisfaction by interacting with customers in a positive, efficient and effective manner. Storm Division responds and resolves all customer concerns in a timely manner and provides public education and outreach on storm water issues.

Current Division Objectives:

- Continue to utilize the storm water system to maximize groundwater recharge.
- Maintain system to avoid localized flooding during storm events.
- Maintain updated information on City website.
- Distribute information on storm water issues to new water customers and at the Thursday Night Market events.

BUDGET NARRATIVE

20710000- PUBLIC WORKS- WASTEWATER TREATMENT

Division Description:

The Wastewater Treatment (WWTP) Division is responsible for the treatment and recycling of wastewater in an environmentally safe manner to ensure its reuse for irrigation purposes will not endanger health or degrade groundwater quality. This division processes approximately 1.6 billion gallons of sewage each year by operation of the WWTP, a sophisticated, multi-million-dollar facility.

The facility is a major part of the City's effort to keep our environment clean and to provide a water resource for irrigation and groundwater recharge. Staff also conducts laboratory tests to monitor the performance of the plant; manages reclaimed water usage to ensure compliance with the requirements of state reclamation discharge permits; administers the industrial pretreatment program; and monitors industrial user compliance through daily observation and weekly analysis of discharge.

WWTP Division is funded by user fees charged to customers for sanitary sewer service.

Prior Period Accomplishments:

During the prior year, the Wastewater Treatment Division accomplished the following:

- Provided regulatory oversight to six significant industrial users and approximately 250 permitted commercial users.
- Collected over 5,000 samples for regulatory and process control purposes.
- Continued an aggressive preventative maintenance program.
- Delivered over 840 million gallons of recycled water to agricultural users.

Alignment with Council's Goals:

The Wastewater Treatment Division maintains on-call service 24/7 and quickly responds to system issues or treatment problems. Crews resolve issues in a professional manner with courtesy and respect. The upgrading of the asset management and work order system was completed to be able to provide more accurate tracking of facility repairs and equipment inventory.

Current Division Objectives:

- Provide courteous and efficient customer service at all levels.
- Negotiate a long-term agreement for effluent disposal.
- Evaluate long-term treatment needs and determine the most efficient way to provide for those needs.
- Evaluate potential rate increase.

BUDGET NARRATIVE

20710000- PUBLIC WORKS- WASTEWATER TREATMENT

Current Division Objectives, (Cont.):

- Comply with all regulatory permit conditions.

BUDGET NARRATIVE

20720000- PUBLIC WORKS- WASTEWATER COLLECTIONS

Division Description:

The Wastewater Collections Division is responsible for providing a safe, dependable sanitary sewer collection system through timely cleaning, repair and maintenance of all facilities.

This division maintains a network of over 213 miles of sanitary sewer mains and 23 sewer pump stations. The division aids in the implementation of a sewer emergency overflow plan in conformance with the City's sanitary sewer management plan (SSMP). Division staff are also responsible for monthly reporting to the California Regional Water Control Board for compliance with SSMP objectives and requirements.

Wastewater Collections are administered through the Wastewater Treatment Division and are funded from user fees charged to customers for sewer service.

Prior Period Accomplishments:

During the prior year, the Wastewater Collections Division accomplished the following:

- Maintained the sanitary sewer collection system, including 37.5 miles of sewer mains and 23 lift stations, without experiencing any sanitary sewer overflows (SSO).
- Continued an aggressive preventative maintenance program.
- Assisted in construction of the Eastside Sanitary Sewer Project.

Alignment with Council's Goals:

The Wastewater Collections Division maintains on-call service 24/7 and quickly responds to system issues and customer problems. Crews resolve issues in a professional manner with courteousness and respect.

Current Division Objectives:

- Provide courteous and efficient customer service at all levels.
- Evaluate potential rate increase.
- Evaluate long-term pipeline maintenance needs and develop program for rehabilitation.
- Comply with all regulatory permit conditions.

BUDGET NARRATIVE

20810000- PUBLIC WORKS- WATER OPERATIONS

Division Description:

The Water Operations is responsible for providing safe, clean water through efficient and effective operation of the City's water system.

This division maintains a network of over 210 miles of water mains, 13 water supply wells, approximately 180,000 water services, and 3.5 million gallons of water storage.

The division also conducts a water conservation program; prepares and distributes an annual consumer confidence report; provides monthly and annual water quality reports in accordance with California Department of Public Health requirements and conducts weekly security inspections of key water system components in accordance with the City's water system vulnerability assessment plan.

Water system operations are administered through the Utility Division and are funded from user fees charged to customers for water service.

Prior Period Accomplishments:

- Enforced cross connection control ordinance to protect the City's water system.
- Prepared and distributed the annual Consumer Confidence Report to all water customers.
- Provided systematic flushing of water mains to ensure clean, safe, potable water.
- Implemented Arsenic Treatment at Well # 50.
- Installed chlorination system at Tank No. 4 in the Industrial Park.

Alignment with Council's Goals:

The Water Division strives to provide a high level of customer satisfaction by interacting with customers in a positive, efficient and effective manner. The Water Conservation Technician responds and resolves customer concerns in a timely manner. A robust public education campaign promotes citywide water conservation efforts through billing mailers, the City's social media presence, and the City's website.

Current Division Objectives:

- Continue to administer the Preventative Maintenance Program by pulling wells on a seven (7) year cycle to evaluate well condition and perform routine maintenance.
- Inspect and operate one-third of the distribution system's 6,525 mainline and fire hydrant gate valves annually.
- Install two new wells to increase system capacity and reliability.
Prepare Economic Development Agency application for new water tank and pipelines in the Industrial Park.

2022-2026 FIVE YEAR CAPITAL IMPROVEMENT PLAN

The projects listed in the Capital Improvement Plan reflect expansion and/or rehabilitation of existing City facilities, as well as additional new projects.

The projects are divided by category and each project page contains a project description, a description of the existing conditions, justification for the project, and the funding source to pay for the project.

The Capital Improvement Plan projects are consistent with the goals and objectives of the adopted General Plan. The Plan's projects provide the necessary rehabilitation, facilities, and improvements to manage and promote orderly growth in the City. The projects have been evaluated and found to be consistent with the City General Plan and therefore implement the City General Plan and other Master Plans adopted by the City of Hanford.

Capital Improvement Plan's projects have been divided into the following nine (9) categories; each category corresponds to one or more General Plan elements, which the project implements:

CAPITAL IMPROVEMENTS PROJECT SUMMARY	
Category	General Plan Element Consistency
Facilities and General Projects	Land Use and Community Design Element; Public Facilities and Service Element
Parks and Recreation Projects	Open Space, Conservation and Recreation Element
Transportation Projects	Circulation Element
Storm Drainage Projects	Public Facilities and Service Element
Wastewater Projects	Public Facilities and Service Element
Water Projects	Public Facilities and Service Element; Land Use and Community Design
Downtown Projects	Land Use and Community Design Element; Economic Development
Airport Projects	Land Use and Community Design Element; Transportation and Circulation
Industrial Park Projects	Land Use and Community Design Element

Dangerous Building Abatement

Project Background:

These funds will be used to facilitate abatement of buildings determined to be unsafe or public nuisances under city or state building or fire codes.

Existing Conditions:

Buildings are determined by the city building department to be unsafe or of a public nuisance.

Project Justification:

Public funds are needed to facilitate the demolition and removal of dilapidated buildings on private properties when considered to be unsafe or public nuisances and when insufficient private funding exists to accomplish the task.

Fiscal Implications:

Funding for this project will be allocated from Accumulated Capital Outlay Reserves. The city will recover costs for demolition and disposal expenses through property assessments collected by the Kings County Tax Collector.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Abatement Expenses	50,000	50,000	50,000	50,000	50,000
	Department Overhead	2,621	2,223			
	Total Expenditure	\$52,621	\$52,223	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		0004 Accumulated Capital Outlay	52,621	52,223	50,000	50,000
		Total Funding	\$52,621	\$52,223	\$50,000	\$50,000

Public Safety Radio Replacement

Project Background:

The current Police and Fire radio repeating and infrastructure equipment has been phased out by Motorola. This makes the equipment unserviceable because replacement parts are no longer available. Recently the police primary radio channel has been failing forcing utilization of the secondary channel until it can be repaired. This project includes the replacement of all of the Public Safety infrastructure equipment as well as moving to a microwave system with digital encryption.

Existing Conditions:

Public Safety has been dealing with reliability issues due to outdated equipment and unreliable service provided.

Project Justification:

It is essential that Police and Fire have a reliable communication system so they can safely respond to calls for service and communicate vital information quickly to dispatch, allied agencies and each other.

Fiscal Implications:

Funding for this project will be allocated from Accumulated Capital Outlay Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Equipment				
	Materials/Equipment/Construction	650,000				
	Department Overhead	34,220				
	Total Expenditure	\$684,220	\$0	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay	684,220			
		Total Funding	\$684,220	\$0	\$0	\$0

Fire Station No. 2 Flooring Replacement

Project Background:

This project involves the removal and replacement of the carpet and linoleum tile at Fire Station 2 with Vinyl Composition Tile (VCT).

Existing Conditions:

Carpet and linoleum is worn out in several places throughout the station. Crews are unable to decontaminate the existing flooring appropriately to eliminate the spread of pathogens that may be transmitted via boots and clothing placed on the floor.

Project Justification:

With the Covid pandemic, it became clear that decontaminating carpet and the worn linoleum at the station was impossible. This has caused increased exposure and risk to employees. A VCT tile will be utilized to replace the flooring which will allow the floor to be appropriately decontaminated. This project may also be reimbursable as a COVID-19 expense.

Fiscal Implications:

Funding for this project will be allocated from Accumulated Capital Outlay Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Remove and dispose of old flooring	5,000				
	Replace flooring with LVT	23,000				
	Department Overhead	1,470				
	Total Expenditure	\$29,470	\$0	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay	29,470			
		Total Funding	\$29,470	\$0	\$0	\$0

Fire Station No. 1 Flooring Replacement

Project Background:

This project involves the removal and replacement of the carpet and linoleum tile at Fire Station 1 with Vinyl Composition Tile (VCT).

Existing Conditions:

Carpet and linoleum is worn out in several places throughout the station. Crews are unable to decontaminate the existing flooring appropriately to eliminate the spread of pathogens that may be transmitted via boots and clothing placed on the floor.

Project Justification:

With the Covid pandemic, it became clear that decontaminating carpet and the worn linoleum at the station was impossible. This has caused increased exposure and risk to employees. A VCT tile will be utilized to replace the flooring which will allow the floor to be appropriately decontaminated. This project may also be reimbursable as a COVID-19 expense.

Fiscal Implications:

Funding for this project will be allocated from Accumulated Capital Outlay Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026

	Remove and dispose of old flooring	5,000				
	Replace flooring with LVT	23,000				
	Department Overhead	1,470				
	Total Expenditure	\$29,470	\$0	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay	29,470			
		Total Funding	\$29,470	\$0	\$0	\$0

Civic Auditorium Sewer Main Replacement Project

Project Background:

The Civic Auditorium has been a focal point in the downtown ever since it was built in 1924. It is nearing its' 100th anniversary and the City has prided itself on maintaining this important community structure. Repainting of the lobby and exterior was completed three years ago. In preparation of the building's commemoration some maintenance issues need to be addressed. One is the damaged clay sewer main leading from the building to Douty Street along Furlong drive.

Existing Conditions:

The clay sewer main was video inspected last year and it was discovered to have a broken failure area in the pipe as well as general deterioration of the main all the way to the street. Staff has been hydro jetting for a couple of years to keep it functional.

Project Justification:

This clay section of the sewer line is the original from 1924 and has reached its' end of life. Settling and time has reduced the line's ability to keep up with the flow of effluent. The appropriate remedy is to replace it.

Fiscal Implications:

Funding for this project will be allocated from Accumulated Capital Outlay Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Engineering / Inspection	2,000				
	Construction	17,000				
	Contingency	1,700				
	Department Overhead	1,080				
	Total Expenditure	\$21,780	\$0	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay	21,780			
		Total Funding	\$21,780	\$0	\$0	\$0

Civic Auditorium Roof Replacement Project

Project Background:

The Civic Auditorium has been a focal point in the downtown ever since it was built in 1924. It is nearing its' 100th anniversary and the City has prided itself on maintaining this important community structure. Repainting of the lobby and exterior was completed three years ago. In preparation of the building's commemoration some other maintenance issues need to be addressed. The existing roof was last replaced in 1993.

Existing Conditions:

The main auditorium roof was spot patched two years ago to extend its life; however, surface tears and loss of granules is quickly degrading the membrane. Various leaks have been patched over the last ten years and the roof drains are particularly susceptible to leaks. The roof has surpassed its useful life and is in need of replacement.

Project Justification:

The existing roof is over 28 years old. The roof is continuing to deteriorate and when annually inspected, has new leaks to repair by City staff. Replacement of the roof will last for 20 years which will reduce maintenance costs and staff time at the facility.

Fiscal Implications:

Funds for this project will be allocated from Building Capital Reserves and the Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Engineering / Inspection	6,000				
	Construction	600,000				
	Contingency	60,000				
	Department Overhead	35,060				
	Total Expenditure	\$701,060	\$0	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay	549,874			
		0417 Building Capital Replacement	151,186			
		Total Funding	\$701,060	\$0	\$0	\$0

Refuse Office - Breakroom

Project Background:

The project will replace the single refuse office currently utilized by staff with two supervisor offices and a breakroom for use during meetings and break periods.

Existing Conditions:

The current space used for the refuse office is a single small room occupied by two supervisors. There is limited space for maintenance of files and communicating effectively with customers over the phone. There is also no breakroom for employees to conduct meetings or to take breaks.

Project Justification:

The current office space was intended for use by a single supervisor. With the addition of a second supervisor in the refuse division, additional office space is needed. In addition, there is no conditioned area for employees to meet or take breaks. They are relegated to a picnic table outside of the office regardless of the weather.

Fiscal Implications:

Funds for this project will be allocated from Refuse Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Engineering / Inspection	5,000				
	Construction	40,000				
	Contingency	5,000				
	Department Overhead	2,630				
	Total Expenditure	\$52,630	\$0	\$0	\$0	\$0
Funding						
0307 Refuse Capital Reserves		52,630				
Total Funding		\$52,630	\$0	\$0	\$0	\$0

Fire Station No. 1 Concrete Replacement

Project Background:

This project involves the removal and replacement of damaged concrete at Fire Station 1.

Existing Conditions:

Age and water has caused significant cracking in the concrete around the station. As time progresses the cracking is getting worse, creating a tripping hazard and an increased hazard to apparatus as the cracking and undermining from water becomes worse.

Project Justification:

Damaged concrete is a safety hazard to those working around and visiting the station. Larger cracks have greater potential for undermining by water which could be damaging to the apparatus.

Fiscal Implications:

Funding will come from Accumulated Capital Outlay Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction	Construction	Construction	Construction
	Demolition		6,000	6,000	6,000	6,000
	Concrete		20,000	20,000	20,000	20,000
	Construction		14,000	14,000	14,000	14,000
	Department Overhead		1,550			
	Total Expenditure	\$0	\$41,550	\$40,000	\$40,000	\$40,000
Funding						
Revenue	0004 Accumulated Capital Outlay		41,550	40,000	40,000	40,000
	Total Funding	\$0	\$41,550	\$40,000	\$40,000	\$40,000

Veterans Building Roof Replacement

Project Background:

The Veterans building was built in 1925 and serves the surrounding communities of Kings County's Veterans. It also serves as the Senior Center for Hanford. The roof structure was reinforced 2 years ago and the T-bar ceiling was replaced. Leaks are staining the new ceiling tiles in several places. The roof was replaced in 1990 and has reached the end of its useful life.

Existing Conditions:

Despite constant patching, several leaks have appeared in multiple places. Damage is occurring to the new ceiling and walls. Leaks around roof drains continue even after extensive patching.

Project Justification:

The roof has surpassed its design life by 10 years. Through constant maintenance, the roof has had a long life but is no longer able to be maintained.

Fiscal Implications:

Funds for this project will be allocated from the Building Capital Reserves and Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		4,000			
	Construction		105,000			
	Contingency		10,500			
	Department Overhead		4,630			
	Total Expenditure	\$0	\$124,130	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay		99,002		
		0417 Building Capital Replacement		25,128		
		Total Funding	\$0	\$124,130	\$0	\$0

Civic Auditorium Interior Painting

Project Background:

As part of a continuing maintenance program areas of the facility are inspected for condition, safety, and general appearance. This facility is one of the most visible and utilized structures of all the City properties with many events scheduled at least a year in advance.

Existing Conditions:

During the exterior re-paint project it was noted that the interior is in need of re-painting as well, particularly the 35' high ceiling. The ceiling and upper walls have not been completely re-painted since the late 1990's when the acoustic coating was applied. It has been determined the ceiling cannot be painted and must be replaced.

Project Justification:

In keeping with the upkeep and appearance of the building, all painted surfaces in the main hall, stairways, and West wing need to be repainted.

Fiscal Implications:

Funds for this project will be allocated from the Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		2,000			
	Construction		35,000			
	Contingency		3,500			
	Department Overhead		1,560			
	Total Expenditure	\$0	\$42,060	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay		42,060		
		Total Funding	\$0	\$42,060	\$0	\$0

Public Works Carpet Replacement Project

Project Background:

In 2010 the Public Works (PW) building was extended and remodeled. All carpeted areas were replaced. Over the last 13 years the carpet has been cleaned regularly and has held up well, but has faded and become stained in several areas.

Existing Conditions:

The flooring has been in place for almost 13 years and is starting to show the extent of wear the floor coverings have endured. Carpet tiles are the better choice for longevity and easy replacement by City staff to maintain the look over a longer period of time.

Project Justification:

The carpenting will continue to deteriorate to a point where staff can not effectively clean it. Upkeep of our facilities is important to the City staff and the public and shows a level of pride in our buildings.

Fiscal Implications:

Funds for this project will be allocated primarily from Building Capital Reserves and Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		2,000			
	Construction		24,000			
	Contingency		2,400			
	Department Overhead		1,100			
	Total Expenditure	\$0	\$29,500	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay		542		
		0417 Building Capital Replacement		28,958		
		Total Funding	\$0	\$29,500	\$0	\$0

Train Station Awning Replacement Project

Project Background:

The Hanford train station that houses Amtrak and various businesses was remodeled in 1992. It serves as the main mass transportation method in the Valley with Hanford's station being one of the busiest in the state. The awnings were last replaced in 2010.

Existing Conditions:

In 2023 the awnings will be 13 years old which is past the design life of 12 years. The fringe areas are becoming tattered and unsightly, and pigeons have nested on top of them which has stained the material.

Project Justification:

This location is a very public place and its appearance is important for Hanford. The awnings are deteriorating to a point where fabric threads are swinging loose in the breeze. Replacement is part of the City's maintenance schedule.

Fiscal Implications:

Funds for this project will be allocated from the Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		2,000			
	Construction		24,000			
	Contingency		2,400			
	Department Overhead		1,100			
	Total Expenditure	\$0	\$29,500	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay		29,500		
		Total Funding	\$0	\$29,500	\$0	\$0

Civic Auditorium Acoustic Ceiling Replacement

Project Background:

The Auditorium has an acoustical material applied to the ceiling and walls of the main hall to attenuate reverberation during events. This was first completed in the 1960's and then again in 1996. Instead of removing the old material first, staff was told by the contractor that they could apply the new coat over the old. This caused large portions of the new material to fall off.

Existing Conditions:

Now the material is mismatched, dirty and cannot be cleaned. Originally staff was going to have the ceiling repainted. After reviewing the data from 1996, it was determined there is a risk of more ceiling material falling down when wetted with modern latex paint. The only responsible option is to remove the existing layers and apply new.

Project Justification:

Fiscal Implications:

Funds for this project will be allocated from the Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		5,000			
	Construction		160,000			
	Contingency		16,000			
	Department Overhead		7,010			
	Total Expenditure	\$0	\$188,010	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay		188,010		
		Total Funding	\$0	\$188,010	\$0	\$0

Civic Auditorium Hardwood Floor Replacement

Project Background:

The Civic Auditorium has been a focal point in the downtown ever since it was built in 1924. It is nearing its 100th anniversary and the City has prided itself on maintaining this important community structure. Repainting of the lobby and exterior was completed three years ago. In preparation of the building's commemoration some other maintenance issues need to be addressed. The floor must put up with high levels of traffic and set up and break down of tables and chairs after events, one of the most sturdy and resilient floor coverings is hardwood. The maple floor in the Civic is 99 years old.

Existing Conditions:

The original replacement date for the floor was set for 1974. It was extended to 2018 by City staff refinishing the clear coat on the floor every other year without sanding. Three years ago a defect in the finish prevented proper adhesion. Events that laid tape on the floor pulled the finish off creating stripes. Staff attempted to refinish the floor but could not.

Project Justification:

The floor has reached its useful life. It has been determined by two flooring contractors that the floor cannot withstand another sanding. Cracks have appeared at the tongue and groove edges revealing they are very thin. You cannot sand again to restore the finish, so replacement of the floor is necessary.

Fiscal Implications:

Funds for this project will be allocated primarily from Building Capital Reserves and Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		6,000			
	Construction		175,000			
	Contingency		17,500			
	Department Overhead		7,690			
	Total Expenditure	\$0	\$206,190	\$0	\$0	\$0
Revenue		Funding				
		0004 Accumulated Capital Outlay		53,457		
		0417 Building Capital Replacement		152,733		
		Total Funding	\$0	\$206,190	\$0	\$0

Paint Booth

Project Background:

When commercial bins require service, they are typically brought back to the corp yard. Before they are redeployed into service, they are given a fresh coat of paint. The painting process is performed outside. Air Pollution Control District (APCD) regulations require that this type of activity be conducted in an adequately enclosed and ventilated area to prevent the release of air polluting contaminates.

Existing Conditions:

Commercial bins are currently painted outside in the open air, with no provision for reducing air pollutants.

Project Justification:

The current practice of painting bins in the open air does not comply with APCD regulations. In order to comply, a paint booth is needed which will provide filtration of the ventilated air prior to release into the atmosphere.

Fiscal Implications:

Funding will come from Refuse Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction

Park Development Oversizing Requirements

Project Background:

In accordance with City Ordinance, developers are required to mitigate their impacts to parks and recreation programs by constructing qualifying improvements and/or payment of park mitigation impact fees.

Existing Conditions:

Park mitigation impact fees were established by ordinance in 1990.

Project Justification:

These funds will be used to reimburse developers for costs associated with park construction in excess of their park impact fee assessment.

Fiscal Implications:

Funding for oversizing improvements shall be allocated from Park Mitigation Impact Fee Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction-Reimbursement	150,000	150,000	150,000	150,000	150,000
	Department Overhead	7,898	5,813			
	Total Expenditure	\$157,898	\$155,813	\$150,000	\$150,000	\$150,000
Revenue		Funding				
		0180 Parks Facility Impact Fee	157,898	155,813	150,000	150,000
		Total Funding	\$157,898	\$155,813	\$150,000	\$150,000

Cameras in Parks and Recreation Facilities

Project Background:

Real and perceived safety in parks is a major factor in park usage and activation. The additional cameras will provide the Parks Resource Officer with the ability to remotely monitor real-time activity within the parks and quickly respond to emerging situations.

Existing Conditions:

Over the past five years, the City has installed video surveillance cameras at Civic, Lacey, Coe Parks, and at the Longfield Center. The existing camera system at the Plunge/Skate park is disjointed and outdated. These cameras are connected to HPD's dispatch office for observation.

Project Justification:

There is a great need to replace the camera system at the Plunge and skate park. Both are high-risk/high-liability venues. Connectivity and coverage of the current system is poor and needs replacement. Centennial, Hidden Valley, and Freedom Parks (in priority order), do not have cameras. The cameras provide the ability to remotely observe park locations and are critical as evidence during the investigation of a crime.

Fiscal Implications:

Funding for this project will be allocated from Accumulative Capital Outlay.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction		
	Engineering / Inspection					
	Centennial Park Install	14,240				
	Hidden Valley Install		10,690			
	Freedom Park install			31,000

Youth Athletic Complex (YAC) Concession Building Restoration

Project Background:

Structural engineers assessment to restore and remodel existing structure and restrooms to include ADA / ABA accessibility to and within the facility. The current facility has some structural integrity issues to the stairway leading to the second story and is in need of accessibility upgrades to the restroom portion.

Existing Conditions:

The current facility is approximately 40 years old, run down and in need of structural improvements to the stairway leading to the second story which is not used due to the existing condition. Improvements for ADA / ABA accessibility leading to and within the restrooms and other locations inside the structure also need to be upgraded for compliance.

Project Justification:

This facility is a supportive to service the youth, family and friends of Hanford Youth Baseball League and tournament play. The facility currently services approximately 700 youth participating in youth baseball from early spring throughout the summer and into the fall.

Fiscal Implications:

Funds for this project will be allocated from Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
Expenditure	Program or Project	2022	2023	2024	2025	2026
		Construction				
	Engineering / Inspection	15,000				
	Construction	220,000

	Total Funding	\$270,531	\$0	\$0	\$0	\$0

Earl F. Johnson Park Renovation

Project Background:

Earl F. Johnson Park is a 3.5-Acre passive park that serves Central Hanford. The existing park is limited to one older play structure that needs to be replaced. There is currently no walking path or lighting in the park.

Existing Conditions:

Earl F. Johnson Park has one play structure 15+ years old and was identified by the Kings County Grand Jury in 2017-2018 as needing repair. The repairs were completed, however the park is in drastic need of several new amenities to effectively activate the park and improve safety.

Project Justification:

This project would replace the existing play structure, construct a picnic arbor adjacent to the play structure, construct one modular restroom, and add a perimeter walking-jogging path with lighting.

Fiscal Implications:

Funding for this project will be allocated from the Accumulated Capital Outlay (ACO) and Park Impact Fee reserve accounts.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction	Construction	Construction	
	Engineering / Inspection		10,100	1,500	1,500	
	Demo/Construction		12,500	17,500		
	Playground structure		200,000			
	Pathway and lighting			180,000		
	Picnic arbor, tables, benches				165,000	
	Modualr restroom				225,000	
	Department Overhead		9,401		1,750	
	Contingency		20,000	18,000	39,000	
	Total Expenditure	\$0	\$252,001	\$217,000	\$432,250	\$0
Funding						
Revenue	0004 Accumulated Capital Outlay		252,001			
	0180 Parks Facility Impact Fee			217,000	432,250	
	Total Funding	\$0	\$252,001	\$217,000	\$432,250	\$0

Centennial Park Lighting Project

Project Background:

Centennial Park is a well-used park serving the residents of southern Hanford. In an effort to increase park usage, lighting is needed to provide safe and enjoyable experiences during night time hours.

Existing Conditions:

Currently, Centennial Park has over 3,150 linear feet of pathways without lighting.

Project Justification:

The purpose of this project is to extend nighttime park activation and increase overall park usage. During the Winter months, when days are short, many residents are hesitant to walk in the dark and therefore avoid physical exercise, which is vital to their health, wellbeing and quality of life.

Fiscal Implications:

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		1,500

Sidewalk and Miscellaneous Concrete Repairs

Project Background:

These funds will be used to repair sidewalks, drive approaches and other concrete improvements where city crews will be completing street reconstruction projects or in areas where the improvements are damaged by tree roots.

Existing Conditions:

Project Justification:

These funds will be used to repair sidewalks, drive approaches, and other public concrete improvements that are in disrepair and create potential safety hazards.

Fiscal Implications:

Funding for this project will be allocated from Gas Tax Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	1,000	1,000	1,000	1,000	1,000
	Construction	35,500	35,000	35,000	35,000	35,000
	Contingency	3,500	3,500	3,500	3,500	3,500
	Department Overhead	2,140	1,530	3,500	3,500	3,500
	Total Expenditure	\$42,140	\$41,030	\$43,000	\$43,000	\$43,000
Revenue		Funding				
		0050 Gas Tax (TDA Transportation)	42,140	41,030	43,000	43,000
		Total Funding	\$42,140	\$41,030	\$43,000	\$43,000

New Sidewalk and ADA Improvements

Project Background:

These funds will be used to install sidewalks and other concrete improvements in areas currently void of such improvements. Improvement areas will be selected along arterial/collector streets with high pedestrian volume and where existing rights-of-ways exist to facilitate sidewalk installation. These funds will also be used to install accessibility ramps in compliance with American with Disabilities Act (ADA) standards.

Existing Conditions:

Project Justification:

Compliance with ADA standards is a federal law. Also, the installation of sidewalks provides pedestrians with a safe walkway located outside vehicular travel areas.

Fiscal Implications:

Funding for this project will be allocated from Gas Tax Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	2,000	2,000	2,000	2,000	2,000

Total Funding		\$52,100	\$51,410	\$54,000	\$54,000	\$54,000

Street Division Maintenance

Project Background:

Street maintenance is performed by the Public Works Street Maintenance Division through the City's general fund. This project account is established to record that portion of annual street maintenance which will be allocated to gas tax funds.

Existing Conditions:

Project Justification:

These funds will pay for labor, maintenance materials, equipment rental, and other contracted services for street reconstruction, resurfacing, and repair projects.

Fiscal Implications:

Funding for this project will be allocated from Gas Tax Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Maintenance	Maintenance	Maintenance	Maintenance	Maintenance
	Maintenance	300,000	300,000	300,000	300,000	300,000
	Department Overhead	15,798	11,645	27,000	27,000	27,000
	Total Expenditure	\$315,798	\$311,645	\$327,000	\$327,000	\$327,000
Revenue		Funding				
		0040 Gas Tax	315,798	311,645	327,000	327,000
		Total Funding	\$315,798	\$311,645	\$327,000	\$327,000

Unscheduled Arterial Upgrades & Traffic Signal Installation

Project Background:

This fund will be used to reimburse developers who are required to construct qualifying arterial street improvements that exceed their project's transportation mitigation impact fee share.

Existing Conditions:

Project Justification:

This fund will set aside funds to reimburse developers that are required to construct street improvements, as part of project conditions of approval, that are considered to be oversized.

Fiscal Implications:

Funding for this program will be allocated from Transportation Impact Fee Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	200,000	200,000	200,000	200,000	200,000
	Department Overhead	10,530	7,750	18,000	18,000	18,000
	Total Expenditure	\$210,530	\$207,750	\$218,000	\$218,000	\$218,000
Funding						
Revenue	0181 Transportation Impact Fees	210,530	207,750	218,000	218,000	218,000
	Total Funding	\$210,530	\$207,750	\$218,000	\$218,000	\$218,000

Survey Monumentation / Benchmark Update

Project Background:

These funds will be used to re-establish survey monumentation on street re-surfacing projects and to update our survey benchmark datum and mapping. This year's funds will be utilized to update the City's Benchmark System. The Benchmark system is typically updated every ten years. The last update was in 2004.

Existing Conditions:

The City's survey benchmark datum is used by private engineers in the design of various Public Works infrastructure projects. The benchmark datum is updated by the city approximately every 10 years.

Project Justification:

State law requires that survey monuments be re-established, if altered, due to re-surfacing or reconstruction of streets. Updating of our survey benchmark datum periodically is necessary for proper installation of curbs, storm drainage facilities and sanitary sewer lines.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage and Sanitary Sewer Fund Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Design	Design	Design	Design	Design
	Engineering	15,000	15,000	15,000	15,000	15,000
	Department Overhead	780	580			
	Total Expenditure	\$15,780	\$15,580	\$15,000	\$15,000	\$15,000
Revenue		Funding				
		0362 Wastewater Capital	7,890	7,790	7,500	7,500
		0391 Water Capital	7,890	7,790	7,500	7,500
		Total Funding	\$15,780	\$15,580	\$15,000	\$15,000

Pavement Resurfacing Treatment

Project Background:

Pavement resurfacing treatment is a surface protection and pavement preservation treatment for city streets. The location of streets and the types of treatment processes will be determined by Public Works Department staff and is dependent on pavement conditions. Treatments may include slurry seal, cape seal or fiber seal coatings or other pavement preservation treatments needed to extend the useful life of roadways.

Existing Conditions:

Asphalt concrete pavement surfaces deteriorate over time due to loss of oil content from naturally occurring processes and vehicular traffic loads.

Project Justification:

Pavement resurfacing treatments will extend the useful life of asphalt concrete pavement surfaces, thereby reducing street maintenance costs. This project will provide surface treatment for approximately seven miles of roadways (207,300 SY).

Fiscal Implications:

Funding for this project will be allocated from Gas Tax Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering / Inspection	12,000	12,000	12,000	12,000	12,000

East Lacey Boulevard Widening / Reconstruction, 10th Avenue to Sierra Drive

Project Background:

This project will involve the widening and reconstruction of East Lacey Boulevard, between 10th Avenue and Sierra Drive, to facilitate two lanes in each direction of travel plus turn lanes. Improvements will include the reconstruction of existing pavement section, installation of a new drainage collection/disposal system, installation of curbs, gutters, sidewalks, drive approaches and ADA ramps, installation of a traffic signal system at East Lacey Boulevard / Ninth Avenue and installation of additional street lighting.

Existing Conditions:

East Lacey Boulevard, between 10th Avenue and Sierra Drive is currently a two lane arterial roadway. Current average daily traffic volume is approximately 7,000 vehicles per day. The existing roadway surface is deteriorating due to traffic loads and weather impacts and is in need of resurfacing. Traffic volumes are anticipated to increase substantially with the development of a regional shopping center including Costco.

Project Justification:

This project will improve traffic flow capacity and safety by providing additional travel lanes, a protected left turn lane and the installation of a traffic signal system at the intersection of East Lacey Boulevard / Ninth Avenue. Drainage and pedestrian safety will also be improved with the addition of curb, gutter, sidewalks and street lighting. Design and right-of-way acquisition will be performed in FY20 with Construction in FY21 and FY22.

Fiscal Implications:

Funding for this project will be allocated from various fund sources.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction

	Total Funding	\$4,679,020	\$4,617,240	\$0	\$0	\$0

Reclamite Seal Treatment

Project Background:

Reclamite is a pavement surface protection and preservation treatment for city streets. The treatment keeps pavement surfaces flexible and reduces asphalt oil content loss.

Existing Conditions:

Asphalt concrete pavement surfaces deteriorate over time due to loss of oil content from naturally occurring processes and vehicular traffic loads.

Project Justification:

Reclamite seal treatments will extend the useful life of asphalt pavement surfaces thereby reducing street maintenance costs. This project will provide surface treatment for approximately five miles of arterial/collector street (175,000 SY).

Fiscal Implications:

Funding for this project will be allocated from Gas Tax Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction		Construction		Construction

Curb and Gutter Installation

Project Background:

This project involves the installation of new or replacement concrete curb and gutter to facilitate proper street drainage. Projects may include replacement of existing dilapidated curbs and gutter or installation of new curb and gutter in existing developed areas currently void of these improvements.

Existing Conditions:

A portion of the City's streets were not constructed with curb and gutter improvements. These improvements are necessary to ensure proper drainage and to alleviate localized flooding.

Project Justification:

Storm Drainage collection in the City is necessary to reduce localized flooding and damage to existing properties.

Fiscal Implications:

Funding for this project will be allocated for Storm Drainage Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Engineering/Inspection	3,000	3,000	3,000	3,000	3,000
	Construction	15,000	15,000	15,000	15,000	15,000

		0359 Storm Drainage Capital	20,546	20,285	20,000	20,000
Total Funding		\$20,546	\$20,285	\$20,000	\$20,000	\$20,000

Increase Flow Capacity of Main Branch of Peoples Ditch

Project Background:

The City, by agreement, has drainage rights with Peoples Ditch Company which allows discharge in Peoples Ditch under certain parameters. This project provides funds for shared maintenance costs and improvements to increase the capacity in both the east and west branches of Peoples Ditch within city limits.

Existing Conditions:

Portions of the ditch can be improved to allow for additional on and off peak pumping into the ditch which assists in lowering the standing water in the City's basins. Pumping to the ditch provides additional capacity in these basins to reduce the potential for flooding.

Project Justification:

Projects would be performed in cooperation with Peoples Ditch Company and would include culvert repair/enlargements, ditch realignment and piping, turn-out basins, control structure modifications, and additional ditch maintenance. This also includes additional funding to survey the central branch of the ditch to evaluate the need to pipe the ditch through the city limits.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	25,000	25,000	25,000	25,000	25,000
	Engineering / Surveying					
	Department Overhead	1,310	960			
	Total Expenditure	\$26,310	\$25,960	\$25,000	\$25,000	\$25,000
Revenue		Funding				
		0359 Storm Drainage Capital	26,310	25,960	25,000	25,000
		Total Funding	\$26,310	\$25,960	\$25,000	\$25,000

Storm Drainage System Oversizing Requirements

Project Background:

The City reimburses developers that are required to upsize their storm drainage improvements to provide additional capacity in compliance with the Storm Drainage Master Plan.

Existing Conditions:

Project Justification:

As provided by City Ordinance, these funds will be used to reimburse developers for the costs attributed to oversizing drainage systems to provide service for future growth.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage Impact Fee Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Department Overhead	2,630	1,930			
	Total Expenditure	\$52,630	\$51,930	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		0184 Storm Drainage Impact Fees	52,630	51,930	50,000	50,000
		Total Funding	\$52,630	\$51,930	\$50,000	\$50,000

Tree Trim / Removal Program

Project Background:

The City of Hanford maintains approximately 210 acres of ponding basins. Many of these basins have trees which prohibit the maintenance of the basin slopes and bottoms. The National Pollution Discharge Elimination System (NPDES) requires certain maintenance and compliance testing.

Existing Conditions:

Trees growing within the ponding basins have made it difficult to perform the necessary maintenance and due to the size of the division, utilizing staff to remove trees and perform the necessary maintenance is not allowing us to gain ground on tree removal.

Project Justification:

This program, implemented over the next couple of years, will remove trees to allow proper maintenance and prevent future growth.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Engineering / Inspection	4,500				
	Construction	225,000				
	Contingency	0				
	Department Overhead	12,080				
Total Expenditure		\$241,580	\$0	\$0	\$0	\$0
Revenue		Funding				
		0359 Storm Drainage Capital	241,580			
Total Funding		\$241,580	\$0	\$0	\$0	\$0

Lift Station Panel Replacement at Lift Stations #56 and #23

Project Background:

This project will replace the obsolete electrical control panels for two existing storm sewer lift stations located along Greenfield Avenue south of Elm Street and Highway 198 at the Peoples Ditch.

Existing Conditions:

These stations were both constructed prior to 1994 and the equipment has not been updated since construction. The electrical panels have served their useful life and parts are no longer available for repairs.

Project Justification:

Installation of new control panels will reduce operational maintenance time and costs and increase system reliability.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Engineering / Inspection	3,000				
	Construction	40,000				
	Contingency	5,000				
	Department Overhead	2,520				
Total Expenditure		\$50,520	\$0	\$0	\$0	\$0
Revenue		Funding				
		0359 Storm Drainage Capital	50,520			
Total Funding		\$50,520	\$0	\$0	\$0	\$0

Redington / Lacey Storm Drain Replacement Project

Project Background:

A 48 inch box culvert runs through the downtown area from Kaweah Street and Bush Street to the Brown Street Basin. This box culvert was installed around 1920.

Existing Conditions:

The existing box culvert system acts as the sidewalk in a number of locations along this stretch which causes significant issues with adjacent property owners and is difficult to repair when damaged. City staff has no functional way to clean this system out so it is a very inefficient system

Project Justification:

It is necessary to begin to design how this system will be replaced and where the new location of the storm sewer will be. This will take a significant amount of time and resources in order to ensure functionality with existing infrastructure.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Design			
	Engineering / Inspection / Survey		180,000

Sand Slough Houston Avenue Pipeline Project

Project Background:

This project will pipe the north end of the existing Sand Slough across Houston Avenue into the southern portion of Sand Slough in order to provide additional capacity of the slough.

Existing Conditions:

The slough has been utilized as a drainage basin and storm water storage for many years. Due to development over the years, the existing size of the slough north of Houston Avenue is inadequate and needs to be expanded.

Project Justification:

This project is identified in the Storm Drain Master plan as a proposed improvement to provide additional capacity to the system and to connect sand slough which will increase storage both north and south of Houston Avenue.

Fiscal Implications:

Funding for this project will be allocated from Storm Drainage Capital and Storm Drain Impact Fee Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction			
	Engineering / Inspection		19,000			
	Construction		115,000

Sanitary Sewer Main Oversizing Requirements

Project Background:

The City reimburses developers that are required to upsize their main installation to provide additional capacity in compliance with the City's Sanitary Sewer Master Plan.

Existing Conditions:

Project Justification:

As provided by City Ordinance, these funds will reimburse developers for the costs attributed to oversizing sewer mains to provide service for future growth demands.

Fiscal Implications:

Reimbursement funds for oversizing improvements will be allocated from Wastewater Impact Fee Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Department Overhead	2,630	1,930			
	Total Expenditure	\$52,630	\$51,930	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		0186 Wastewater Impact Fees	52,630	51,930	50,000	50,000
		Total Funding	\$52,630	\$51,930	\$50,000	\$50,000

Unscheduled Main Extensions / Replacements

Project Background:

These funds are for unanticipated projects which occur when a developer is connecting to our sanitary sewer system and requires the main to be extended beyond the project boundaries. These funds could also be utilized for replacement of undersized or deteriorated sewer mains.

Existing Conditions:

Project Justification:

These funds will be used to reimburse developers for costs attributed to extending sewer mains beyond their project frontage in order to provide service to their project. This account could also be utilized for unscheduled emergency repairs on deteriorated or undersized mains within the sewer system.

Fiscal Implications:

Funding for Unscheduled Main Extensions/Replacements will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Department Overhead	2,630	1,930			
	Total Expenditure	\$52,630	\$51,930	\$50,000	\$50,000	\$50,000
Funding						
Revenue	0362 Wastewater Capital	52,630	51,930	50,000	50,000	50,000
	Total Funding	\$52,630	\$51,930	\$50,000	\$50,000	\$50,000

Sanitary Sewer Video Inspection

Project Background:

This project involves video camera inspection of the City's sanitary sewer mains and recording the resulting data. All mains are to be videotaped and catalogued as to their current condition.

Existing Conditions:

The existing condition of each main is to be analyzed and catalogued to determine if and when repair, rehabilitation, or replacement is necessary.

Project Justification:

In order to determine the existing condition of a sewer main, a video inspection needs to be completed to determine if there are intrusions, breaks, slope restrictions, and/or deterioration of pipe.

Fiscal Implications:

Funding for Video Inspection Services will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction

		0362 Wastewater Capital	21,050	19,210	20,000	20,000
		Total Funding	\$21,050	\$19,210	\$20,000	\$20,000

12th Avenue Sewer Trunk Main Oversizing

Project Background:

The City reimburses developers that are required to upsize the trunk sewer main within 12th Avenue to provide additional capacity for future growth.

Existing Conditions:

Project Justification:

As provided by City Ordinance, these funds will reimburse developers for the costs attributed to oversizing sewer mains to provide service for future growth demands.

Fiscal Implications:

Funding for 12th Avenue Sewer Trunk Main Oversizing will be allocated from 12th Avenue Sewer Benefit Assessment District Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	100,000	100,000	100,000	100,000	100,000
	Department Overhead	5,281	3,911			
	Total Expenditure	\$105,281	\$103,911	\$100,000	\$100,000	\$100,000
Revenue		Funding				
		0161 12th Ave Sewer Benefit Assess District	105,281	103,911	100,000	100,000
		Total Funding	\$105,281	\$103,911	\$100,000	\$100,000

Protective Grating at Lift Stations

Project Background:

Lift stations are typically 8 feet by 10 feet and must be fully opened to properly inspect them. Protective grating is a safety feature that can be installed to prevent accidental falls into the wet well. By installing the protective grating, staff who inspect and make repairs to the lift stations will be more safe and protected.

Existing Conditions:

Many of the City's lift stations have no grating to assist in fall protection, potentially causing a safety hazard to employees during inspections.

Project Justification:

Project needed for employee safety when entering sanitary sewer lift stations for weekly inspections. Protective grating will be added to the City's standard requirements for all newly constructed lift stations.

Fiscal Implications:

Funding for the Protective Grating will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction				
	Engineering	5,000				
	Construction	40,000				
	Contingency	5,000				
	Department Overhead	2,630				
Total Expenditure		\$52,630	\$0	\$0	\$0	\$0
Revenue		Funding				
		0362 Wastewater Capital	52,630			
Total Funding		\$52,630	\$0	\$0	\$0	\$0

Pump Spares

Project Background:

Most of the City's lift stations use pumps that are similar models and are interchangeable. This project would provide for the purchase of spare pumps that can be quickly switched out to assist staff in getting the lift station back in operation as quickly as possible.

Existing Conditions:

When a pump has failed and needs to be rebuilt or replaced, it can take several weeks before a suitable replacement is acquired.

Project Justification:

When a pump takes a few weeks to be able to acquire, the lift station has to be run on a portable pump which requires significantly more manpower to operate and potentially causes closures to sidewalk areas adjacent to the pumps.

Fiscal Implications:

Funding for the spare pumps will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction			
	Engineering					
	Construction	100,000	50,000

		0362 Wastewater Capital	105,260	51,930		
		Total Funding	\$105,260	\$51,930	\$0	\$0

Manhole Repair and Coating Project

Project Background:

This project provides for repair and coating of damaged sanitary sewer manholes and lift stations where corrosion is affecting concrete surfaces.

Existing Conditions:

Project Justification:

In order to limit damage to sewer facilities from corrosion, this project provides for repairing and coating the facilities.

Fiscal Implications:

Funding for the Manhole Repair and Coating Project will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026

Total Funding		\$0	\$98,680	\$0	\$103,558	\$0

Wastewater Treatment Plant Expansion Reserve

Project Background:

These funds will be deposited into a separate account to fund the next expansion of the Wastewater Treatment Plan (WWTP).

Existing Conditions:

Project Justification:

Annual contributions to this account will reduce the amount of long term financing that will be needed to increase treatment capacity at the WWTP from 8.0 million gallons per day (MGD) to 10.5 MGD. The construction costs are estimated at a present value of \$8,000,000.00.

Fiscal Implications:

Funding for the WWTP expansion will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project		Construction	Construction	Construction	Construction

Revenue		Funding				
		0362 Wastewater Capital		415,500	400,000	400,000
		Total Funding	\$0	\$415,500	\$400,000	\$400,000

Soil Cement Sludge Bed Renovation Project

Project Background:

The Wastewater treatment plant has six soil-cement lined sludge beds that were constructed in 2003. This project provides for repair of the sludge beds over a two year period.

Existing Conditions:

Over the years the existing soil-cement has deteriorated in to a powder form making it difficult to pile and remove dried sludge without removing the soil-cement that is in powder form. This effectively increases our biosolids removal cost.

Project Justification:

The sludge beds should have a concrete-like surface with sufficient strength to support the operation of front-end loaders and other sludge handling equipment . This project provides for renovation of the sludge beds to a concrete surface

Fiscal Implications:

Funding for the Soil Cement Sludge Bed Renovation Project will be allocated from Wastewater Capital Reserves.

Project Budget Summary:

Unscheduled Main Extensions / Replacements

Project Background:

These funds are for unanticipated projects which occur when a developer is connecting to our water system and requires the main to be extended beyond the project boundaries. These funds could also be utilized for replacement of undersized or deteriorated water mains.

Existing Conditions:

Project Justification:

These funds will be used to reimburse developers for the costs attributed to extending water mains beyond their project frontage in order to provide service to their project. This account could also be utilized for unscheduled emergency repairs on deteriorated or undersized mains within the water system.

Fiscal Implications:

Funding for Unscheduled Main Extensions/Replacements will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Department Overhead	2,630	1,930			
	Total Expenditure	\$52,630	\$51,930	\$50,000	\$50,000	\$50,000
Revenue		Funding				
		0391 Water Capital	52,630	51,930	50,000	50,000
		Total Funding	\$52,630	\$51,930	\$50,000	\$50,000

Water Main Oversizing Requirements

Project Background:

The City reimburses developers that are required to upsize their main installation to provide additional capacity in compliance with the Water Master Plan.

Existing Conditions:

Project Justification:

As provided by City Ordinance, these funds will reimburse developers for the costs attributed to oversizing water mains to provide service for future growth demands.

Fiscal Implications:

Reimbursement funds for oversizing improvements will be allocated from Water Impact Fee Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction	Construction
	Construction	50,000	50,000	50,000	50,000	50,000
	Department Overhead	2,630	1,930			
	Total Expenditure	\$52,630	\$51,930	\$50,000	\$50,000	\$50,000

		0391 Water Capital				
		0185 Water Impact Fees	52,630	51,930	50,000	50,000
		Total Funding	\$52,630	\$51,930	\$50,000	\$50,000

Meter Replacement Program

Project Background:

This project will set aside funds into an account that will be utilized in the future to replace meters on a citywide basis that are no longer reading accurately and are unable to be repaired.

Existing Conditions:

The City currently has nearly 18,000 meters within the City's system. Since the water system operates on the sale of water as a commodity, it is imperative that the meters read accurately. The normal replacement cycle for a meter is 15 years.

Project Justification:

Setting aside funds to replace meters on a Citywide basis follow City policy regarding preparing for future large expenses by establishing replacement funds and collecting those costs on an annual basis to plan for large future expenditures.

Fiscal Implications:

Funding for the Meter Replacement Program will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Equipment	Equipment	Equipment	Equipment	Equipment
	Equipment	300,000	300,000	300,000	300,000	300,000

		Total Funding	\$315,790	\$311,620	\$300,000	\$300,000

AMR Replacement Program

Project Background:

This project will set aside funds into an account that will be utilized in the future to replace the automated meter reading devices on a citywide basis that are no longer reading accurately and are unable to be repaired.

Existing Conditions:

The City currently has nearly 18000 meters and reading devices within the City's system. Since the water system operates on the sale of water as a commodity, it is imperative that the meter reading devices read accurately. The normal replacement cycle for a reading device is 10 years.

Project Justification:

Setting aside funds to replace meter reading devices on a Citywide basis follows City policy regarding preparing for future large expenses by establishing replacement funds and collecting those costs on an annual basis to plan for large future expenditures.

Fiscal Implications:

Funding for the Meter Replacement Program will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Equipment	Equipment	Equipment	Equipment	Equipment
	Equipment	230,000	230,000	230,000	230,000	230,000
	Department Overhead	12,148	8,945			
	Total Expenditure	\$242,148	\$238,945	\$230,000	\$230,000	\$230,000
Revenue		Funding				
		0391 Water Capital	242,148	238,945	230,000	230,000
		Total Funding	\$242,148	\$238,945	\$230,000	\$230,000

New Water Supply Well

Project Background:

This project funds the installation of a new deep water well and associated pumping equipment to provide additional City water supply and service reliability.

Existing Conditions:

The City water system currently has 13 active water supply wells and one standby emergency well. The wells have a total production capacity of approximately 26 million gallons per day.

Project Justification:

As development occurs the need to provide additional water capacity and service reliability is necessary. This project would provide funding to install a new deep well as needed.

Fiscal Implications:

Funding for the new water supply well will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Design	Construction	Design	Construction

		0185 Water Impact Fees	1,465,947		1,400,000	1,400,000
		Total Funding	\$1,989,500	\$135,030	\$1,900,000	\$130,000

Water System Security Upgrades

Project Background:

This project will fund the installation of system security measures as identified in the City Water Vulnerability Assessment. The project proposes lighting, hatch intrusion shut down systems, and perimeter alarms.

Existing Conditions:

Project Justification:

In compliance with the U.S. Bureau of Homeland Security, the City developed a Vulnerability Study to determine what types of security measures should be taken to ensure delivery and quality of the water system. This project provides funds to protect our well sites and tank sites from potential contamination.

Fiscal Implications:

Funding for the Water System Security Upgrade Project will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026

		Total Funding	\$315,790	\$311,620	\$0	\$0

Water Main Replacement Program

Project Background:

This project will replace existing small mains and older mains that do not meet City standards for fire protection or for delivery of water to consumers.

Existing Conditions:

Project Justification:

Projects will include replacement of steel and cast iron mains, undersized mains causing low pressure areas, and infill in areas where minor adjustments to the distribution system will enhance system performance.

Fiscal Implications:

Funding for the Water Main Replacement Program will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction		Construction		Construction

		Total Funding	\$734,740	\$0	\$700,000	\$0

Industrial Park Water Storage Facility

Project Background:

The City's existing Industrial Park Infrastructure Master Plan identifies the need to provide additional water storage capacity to support expansion of the Industrial Park. New developments are currently required to provide their own fire flow storage facilities on site to meet the City's fire flow standards.

Existing Conditions:

The City's Industrial Park currently has one 500,000 gallon water storage tank and pumping facility. The City's Industrial park Infrastructure Master Plan identifies the need to provide approximately 1,000,000 gallons of additional storage to meet the demands of water supply and fire flow capacity for future development.

Project Justification:

Additional water supply storage is necessary to support expansion of the Kings Industrial Park, which provides jobs and economic benefits to our community. The additional infrastructure will allow the City to be more competitive in our continued efforts to attract new industrial facilities to our Industrial Park.

Fiscal Implications:

Funding for the Industrial Park Water Storage Facility will be allocated from Water Capital Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Design	Construction

Water Distribution Main Extension Program

Project Background:

This project includes replacing undersized distribution mains or extending distribution mains in various locations throughout the City to enhance system performance.

Existing Conditions:

Project Justification:

Projects will include replacing undersized distribution mains and extending distribution mains within in-fill and growth areas to enhance system performance and to facilitate orderly growth of the City.

Fiscal Implications:

Funding for the Water Distribution Main Extension Program will be allocated from Water Capital and Water Impact Fee Reserves.

Project Budget Summary:

Downtown Reinvestment Zone

Project Background:

This project includes funding of infrastructure improvements as well as Downtown improvement loans and grants.

Existing Conditions:

Typical infrastructure that exists in the downtown includes parking lots, street trees, tree grates, street lights, signage, and planter bulbs. Some of these items are in disrepair and need to be updated to current standards.

Project Justification:

Downtown Reinvestment Zone Funds are utilized to encourage public/private partnerships to support development in the Downtown.

Fiscal Implications:

Funds for this program will be allocated from Accumulated Capital Outlay (ACO) Reserves.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026
Expenditure	Program or Project	Construction	Construction	Construction	Construction

Parking Lot / Alley Seal Coat Treatment

Project Background:

These funds are used to seal City parking lots and/or alleys to extend the useful life of the pavement surface.

Existing Conditions:

Project Justification:

Pavement seal coat treatments protect the wearing surface of parking lots and alleys, inhibit water infiltration, and extend the serviceable life of asphalt concrete surfaces.

Fiscal Implications:

Funds for the Parking Lot/Alley Seal Coat Treatment Project shall be allocated from Central Parking and Business Improvement District Funds.

Project Budget Summary:

		5-Year Funding Allocation				
		2022	2023	2024	2025	2026

Police Department Parking Lot Expansion

Project Background:

This project will provide for the reconfiguration and redesign of existing parking spaces located east of the Police Station to provide for additional and more efficient parking. This project will also include fencing and gates to secure the area.

Existing Conditions:

Existing parking areas located east of the police station (east of alley) are inefficient and function poorly.

Project Justification:

The reconfiguration of parking in this area will add four parking stalls and allow for more efficient use of the space.

Fiscal Implications:

Funds for the Police Department Parking Lot Expansion Project shall be allocated from Police Impact Fees.

Project Budget Summary:

		5-Year Funding Allocation

South Transient Apron Pavement Reconstruction

Project Background:

Project includes rehabilitation of the Airport's South Transient Apron and Taxilanes.

Existing Conditions:

The Airport's South Transient Apron and Taxilanes are in various stages of decline based upon the age of the pavement. The existing pavement surface is in need of repair.

Project Justification:

The Airport's South Transient Apron and Taxilanes are necessary for safe operation and function of the Airport. The pavement surface is in disrepair and in need of rehabilitation. This project will extend the useful life of the facility. The project will be to design pavement reconstruction/resurfacing of the Airport's South Transient Apron and Taxilanes. Plans will be developed for construction over a couple of years (Phase 1 and 2) as funding allows.

Fiscal Implications:

Federal Aviation Administration (FAA) provides funding for this project which requires a 10% Local match from Airport Capital Reserves.

RESOLUTION No. 21-26-R

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF HANFORD ADOPTING THE CITY OF HANFORD BUDGET FOR FISCAL YEARS 2021/2022 and 2022/2023.

WHEREAS, the City Council of Hanford is responsible for the wise management of the fiscal resources given to the City of Hanford; and,

WHEREAS, the City Council has conducted reviews of proposed capital and operational expenditures; and,

WHEREAS, the City Council desires to maintain a balanced General Fund Budget and for all operational funds in compliance with Resolution 2020-29-R; and,

WHEREAS, City of Hanford Municipal Code calls for the City Council to review and potential change the budget after September 30 of each year, in addition, the City Council may make amendments at any time throughout the year; and,

WHEREAS, after reviewing the budget of the City, the City Council desires to adopt a budget for Fiscal Years 2021/2022 and 2022/2023;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF HANFORD DOES HEREBY RESOLVE AS FOLLOWS:

1. That the Fiscal Year 2021/2022 and Fiscal Year 2022/2023 total appropriations will be:

Fund Type	Summary of Proposed Appropriations			
	<u>2021/2022</u>			
	Operations	Capital	Debt	Total
General Fund	37,320,920	1,854,777	73,154	39,248,851
Enterprise Funds	23,936,982	4,390,946	3,550,710	31,878,638
Special Funds	2,378,512	8,130,203		10,508,715
Total	63,636,414	14,375,926	3,623,864	81,636,204
	Cap Prog.	14,205,644		
	Cap Outlay	<u>170,282</u>		
	Capital Total	<u>14,375,926</u>		

<u>Fund Type</u>	Summary of Proposed Appropriations			
	2022/2023			
	Operations	Capital	Debt	Total
General Fund	37,142,813	1,242,858	77,197	38,462,868
Enterprise Funds	24,133,155	7,676,296	3,549,344	35,358,795
Special Funds	1,971,973	10,293,414		12,265,387
Total	63,247,941	19,212,568	3,626,541	86,087,050
	Cap Prog.	19,038,739		
	Cap Outlay	<u>173,829</u>		
	Capital Total	<u>19,212,568</u>		

Except for Capital Projects, budget appropriations lapse at the end of the fiscal year unless encumbered. Capital project appropriations shall continue until the project is completed or no longer determined feasible by the City Manager.

WHERAS, the approval of the Capital Improvement Program for 2021/2022 and 2022/2023 and in concept out to 2025/2026, as part of the 2021/2022 and 2022/2023 multi-year budget is necessary.

2. BE IT FURTHER RESOLVED THAT:

BUDGET ADJUSTMENTS, REALIGNMENTS & AMENDMENTS

- a. The Hanford City Manager, or his designee, shall be authorized to transfer budget authority within a fund as long as the total budget authority for that fund is not exceeded and may authorize temporary (less than one year) interfund loan of cash or other resources for financial statement purposes.
- b. The Finance Director may move budget authority within a department among operating expenditures and among salary accounts but may not move budget authority from operating accounts to salary accounts.
- c. Authorize the Finance Director to make all necessary and budgetary accounting entries, including the temporary transfer of cash due to timing of revenue payments.
- d. Staff to transfer or lend monies from one fund to another as specified in the budget document

Only the City Council shall be authorized to:

- a. Increase/decrease the appropriation of any fund
- b. Transfer cash and/or appropriations from one fund to another
- c. Authorize interfund loan of cash or other resources (more than one year)

BE IT FURTHER RESOLVED by the City Council of the City of Hanford that for all funds, for capital projects and/or operating funds that are encumbered or designated from prior years, be re-appropriated, and

BE IT FURTHER RESOLVED by the City Council of the City of Hanford that any currently active capital projects that do not meet the criteria to be encumbered or designated, be re-appropriated.

PASSED and ADOPTED by the City Council of the City of Hanford at a special meeting duly held on this 29th day of June, 2021 by the following vote:

AYES: Ramirez, Sharp, Briere, Marron, Saltray

NOES: _____

ABSENT: _____ 1 2

FRANCISCO RAMIREZ
MAYOR of the City of Hanford

Attest:

Natalie Corral
NATALIE CORRAL
CITY CLERK

STATE OF CALIFORNIA)
COUNTY OF KINGS) SS
CITY OF HANFORD)

I, Natalie Corral, City Clerk of the City of Hanford, do hereby certify the foregoing Resolution was duly passed and adopted at a special meeting of the City Council of the City of Hanford held on the 29th day of June, 2021.

Date: 6/29/21

hceval

City Clerk

RESOLUTION No. 21-27-R

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF HANFORD ESTABLISHING THE 2021/2022 APPROPRIATIONS LIMIT

WHEREAS, in 1979, California voters approved Proposition 4 (Article XIII-B of the California State Constitution). Informally known as the "Gann Initiative," Article XIII-B provides limits to the amount of tax proceeds state and local governments can spend each year.

WHEREAS, in 1980, the State Legislature added Section 9710 of the Government Code stating that the governing body of each City must establish, by resolution, an appropriations limit for the following year. The limit for any fiscal year is equal to the previous year's limit, adjusted for population changes and the change in the U.S. Consumer Price Index (or California per capita personal income, if smaller). The necessary statistical information is provided by the California Department of Finance.

WHEREAS, Proposition 111 modified Article XIII-B. A City may choose which annual adjustments to use. The adjustment factors include the growth in the California Per Capita Income, or the growth in the non-residential assessed valuation.

AND IT FURTHER provided for the 2021-22 fiscal year, any challenge to the appropriations limit must be brought within 45 days from the effective date of the resolution.

NOW, THEREFORE, BE IT RESOLVED that the appropriations limit as defined by Propositions 4 and 111 is set at \$77,226,935 for 2021/2022 fiscal year using a percentage change growth factor of 1.36% and change in per capita income of 5.73% as established by the California Department of Finance.

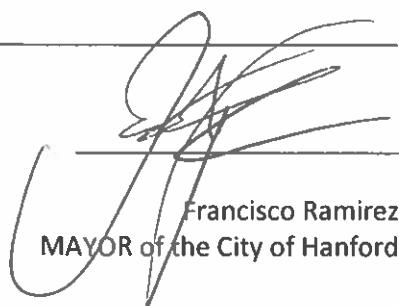

PASSED and ADOPTED by the City Council of the City of Hanford at a regular meeting duly held on this 29th day of June, 2021 by the following vote:

AYES: Ramirez, Sharp, Bonino, Marrow, Saltzay

NOES: _____

CITY OF HANFORD)

I, Natalie Corral, City Clerk of the City of Hanford, do hereby certify the foregoing Resolution was duly passed and adopted at a regular meeting of the City Council of the City of Hanford held on the 29th day of June, 2021.

Date: 6/29/21

Natalie Corral
City Clerk

NOTICE OF PUBLIC HEARING

A public hearing will be held before the Hanford City Council on Tuesday, June 29, 2021, at 5:00 p.m., in the Hanford City Council Chambers, Civic Auditorium, 400 N. Douty Street, Hanford, California, pertaining to the following:

To adopt a City of Hanford Fiscal multi-year Budget for Year (FY) 2021/2022 of \$81,636,204 and 2022/2023 of \$86,087,050.

This budget appropriates funding for operational and debt expenditures, capital projects and cash transfers between funds.

A copy of the proposed budget is available for inspection by email to finance@cityofhanfordca.com.

All interested persons may appear to present testimony at the hearings. If you challenge any action or decision by the City Council regarding the subject of the public hearing described in this notice in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Council at, or prior to, the public hearing.

If you have questions or are in need of a translator or special services, please call the City Clerk at (559) 585-2515 at least five (5) days prior to the meeting to make arrangements.
