Fire Marshal
Nikkie Chamberland

**Tent & Membrane Structure
Checklist**

Any tent or membrane structure over 400 sqft. (or canopy over 700 sqft.) *shall* have the following items in place:

- _____ A 2A:10B-C fire extinguisher shall be provided, (75' on center) and have a current service tag.
- _____ Each structure shall have a permanently attached OSFM tag.
- _____ The means of egress shall be maintained, *and illuminated*, while the tent is occupied.
- _____ "No Smoking" signs shall be located in a conspicuous place.
- _____ Flammable liquid-fueled (LPG) appliances shall not be used inside a tent.
- _____ Motor vehicles for display shall have the battery disconnected, and contain no more than 5 gallons of fuel.
- _____ No combustible vegetation shall be displayed inside a tent.
- _____ All temporary electrical services, and generators, must be properly grounded.

***Temporary Food Vendor
Checklist***

All temporary food vendors shall comply with the following requirements:

- _____ A 2A:10B-C fire extinguisher shall be inside the booth and have a current service tag.
- _____ All grease-laden cooking operations shall be conducted outside or under an approved hood with a suppression system.

_____ A Class "K" Fire extinguisher shall be provided outside for grease-laden cooking operations.

_____ All temporary wiring shall be free from damage.

_____ The means of egress shall be maintained clear.
