INTRODUCTION

The Consolidated Annual Performance and Evaluation Report (CAPER) for the City of Hanford covers the period from **July 1, 2024, to June 30, 2025**

The City's Five-Year Consolidated Plan outlines housing, homelessness, community, and economic development needs and resources. This plan creates a Strategic Plan for the City to meet those needs. The Strategic Plan consists of three parts: needs assessment, a housing market analysis, and long-term strategies to address priority needs. The Annual Action Plan describes the projects and activities the City will undertake in the coming year using its CDBG funds. The Action Plan also includes certifications that the City will meet requirements, such as furthering fair housing.

The CAPER assesses the City's performance for all HUD formula grant programs, specifically the Community Development Block Grant (CDBG).

It evaluates if the City has met the objectives and goals established in the Five-Year Consolidated and Annual Action Plan.

PY 2024-2025 is the first year of the Five-Year Consolidated Planning Period (Program Years 2024-2028).

CR-05 - GOALS AND OUTCOMES

Progress has been made in the jurisdiction's strategic plan and action plan. 91.520(a)

This overview could include major initiatives and highlights proposed and executed throughout the program year.

The Consolidated Annual Performance Evaluation Report (CAPER) reports the City's success in meeting the goals contained in the Consolidated Plan and assesses the City's progress in conducting priorities of assistance identified in the 2024-2025 Annual Action Plan (Annual Plan)

As a Community Development Block Grant (CDBG) entitlement community, the City of Hanford is required to submit an annual CAPER. While not directly receiving HOME funds, the City had active HOME program income funds. During this reporting period, the HOME grant provided mortgage assistance to one first-time homebuyer.

In 2024-25, the City was allocated \$544,484 in CDBG entitlement funds and received an additional \$582,753 in Program Income CDBG funds, totaling \$1,127,237.

The first year's Annual Action Plan prioritized goals and projects, including creating a sustainable living environment and providing decent housing and services to low- and moderate-income residents.

A comparison of the proposed versus actual outcomes for each outcome measure is submitted with the consolidated plan, and, if applicable, the reasons for not making progress toward meeting goals and objectives are explained. 91.520(g)

The required information for each grantee's program year goals includes categories, priority levels, funding sources and amounts, outcomes, goal outcome indicators, units of measure, targets, actual results, and percentage completion.

Assess how the jurisdiction's use of funds, particularly CDBG, aligns with the priorities and specific objectives identified in the plan, with special attention to the highest-priority activities.

The City's goal is to continue addressing the priority needs and specific objectives of the Consolidated Plan. Through community input, the city has identified the following as "High" priority needs in the community:

- Affordable Housing
- Public Facilities
- Public Services
- Public Improvements
- Economic Development

As an entitlement grantee for the U.S. Department of Housing and Urban Development (HUD) formula CDBG program, the City of Hanford must prepare a CAPER to analyze and summarize program accomplishments of the preceding program year.

The CAPER reports meeting overall five-year Consolidated Plan goals and priorities (July 1, 2024-June 30, 2028). It identifies areas for improvement resulting from annual self-evaluations and HUD performance reviews.

The City of Hanford was consistent with its goal of providing housing opportunities for Hanford's low- to moderate-income families and preserving the existing housing stock.

The city remains committed to providing a full range of housing opportunities throughout the community and intends to support the development of housing opportunities in the town. As such, the city will engage in programs that further improve the supply of lower-income housing. Below are the programmed activities for PY 2024, along with the accomplishments associated with each activity.

During the fifth year of the Consolidated Plan, the City of Hanford was consistent with its goal of providing housing opportunities for Hanford's low- to moderate-income families and preserving the existing housing stock.

Housing Rehabilitation-Emergency Repair Program:

The Emergency Repair Program (ERP) in Hanford provides prompt financial assistance to homeowners facing urgent repair needs that pose health and safety risks. The program offers grant funding to low- and moderate-income households to address these critical issues.

In the most recent fiscal year, ERP supported 18 households. During the 2024 program year, staff coordinated:

- 8 roof replacements
- 2 HVAC system replacements
- 1 plumbing repair
- Exterior repainting for seven homes
- Lead-based paint remediation in 2 homes

These repairs help ensure that residents in need have safe and livable conditions.

Public Facility Improvements- Rehabilitation of Motel for Housing Conversion Project:

Stardust Kings Tulare Homeless Alliance (KTHA) LLC

22 Unit - Sunrise Apartments Project, formerly the Stardust Motel –

On December 1, 2020, the Council allocated \$238,702 in CDBG CARES Act funding. In May 2022, an additional \$188,000 was allocated through the 2023 Action Plan, bringing the total to \$426,702. These funds were designated for Kings County Human Services to support the rehabilitation and conversion of the Stardust Motel. To help expedite the project and ensure timely use of the funds, Kings County Human Services later requested that the City redirect the funding to Stardust KTHA, LLC, for completion of the Sunrise project.

The bulk of the conversion to permanent housing was completed in 2024. Unit upgrades include installing kitchens, removing and replacing existing drywall and flooring, upgrading MEP systems throughout each unit and the building, and making ADA upgrades throughout the units and property. A backorder on the switchgear required to electrify the apartment complex put the project on hold for months.

Kings Community Action Organization (KCAO) will take over the operations and the ownership of the complex as it begins to fill with tenants. Not all the units have a resident, and the requirements for individuals to reside in the Sunrise Apartments include having been homeless for a year or more and being afflicted with a disability. Sunrise Apartments, which will house up to 22 individuals struggling with homelessness. As of the date of this report 17 units have been occupied.

Fair Housing:

CSET continued to promote and implement its Fair Housing education program through social media outreach and partnerships with community agencies. Activities included two public presentations and the distribution of comprehensive Fair Housing information at events such as the Kings County Fair and the Senior Health Fair. The program met its goal of assisting 478 individuals through one-on-one interactions, educational presentations, and outreach events.

Kings/Tulare Homeless Alliance, aka the (COC):

The Kings/Tulare Homeless Alliance is a consortium of partners that includes homeless service providers, advocacy groups, government agencies, and homeless individuals working together to end homelessness in the San Joaquin Valley. The City of Hanford has partnered with the Kings/Tulare COC to address homeless issues in Hanford. CDBG funds will be used to help fund various activities, including, but not limited to, the Point-in-Time census.

Youth Parks & Scholarship Assistance Program:

The City of Hanford Parks and Community Services Department offers seasonal day camps for youth ages 5 to 12, along with a variety of recreational activities for youth ages 5 to 17. These camps are designed to provide enrichment, recreation, and social engagement during school breaks throughout the year. The standard fee begins at \$100 per child per week. During the reporting period, 17 families received assistance through our Scholarship Assistance Program. We aim to expand these opportunities for Hanford residents during the upcoming winter and spring camps.

Senior Meal Program- Kings Commission on Aging

The meal program provided seven nutritious and balanced meals five days

per week throughout the year, excluding holidays. During the 2024 program year, 12,029 unduplicated meals were served. The meals program delivers seven nutritious meals, fresh fruits, and vegetables once per week to qualified homebound seniors. Overall, the program served 360 unduplicated seniors.

The program provides meal delivery services to homebound seniors and individuals with disabilities residing in both the city and unincorporated areas. It is designed to support individuals who are unable to leave their homes or prepare meals independently. The Kings County Commission on Aging administers this program, offering essential nutritional support to seniors who face challenges with accessing or preparing adequate meals.

CR-10 – RACIAL AND ETHNIC

The composition of families assisted.

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

Preliminary numbers will be updated in the final draft.

Ethnicity	CDBG
White	358
Black or African American	89
Asian	7
American Indian or American Native	14
Native Hawaiian or Other Pacific Islander	1
American Alaskan Native & White	1
Asian White	7
Other multi-racial	23
Total:	411
Hispanic	367
Not Hispanic	411

Table 1 – Table of assistance to racial and ethnic populations by source of funds

Narrative:

The City identified priority needs and continues to offer services and programs to eligible households regardless of race or ethnicity. Population data excludes Low-Moderate Area benefit data for Public Improvement and Infrastructure Improvements.

CR-15 - RESOURCES AND INVESTMENTS 91.520(A)

Identify the resources made available.

Source of Funds	Source	Resources Available	Made	Amount Expended During Year	Program
CDBG	public - federal	\$544,484		\$ 582,753	

Table 2 - Resources Made Available

Narrative:

This total, as of June 30, 2024, is based on a preliminary expenditure report.

During the 2024-25 program year, an estimated \$996,714 in CDBG funds was expended across all projects.

In addition to annual entitlement funds, the City utilizes program income from previously funded CDBG and HOME projects, as well as uncommitted carryover funds, for new projects.

Identify the geographic distribution and location of investments.

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
CITY OF HANFORD	100	100	Citywide

Table 3 – Identify the geographic distribution and location of investments.

IDIS Low/Mod Census Tracts (eligible CDBG Target Areas)

Low-Mod Income (LMI) concentration is defined as census tracts where at least 51% of the median household income is 80% or less of the area's median household income. The City's FY 2024-25 CDBG includes the boundaries indicated on the CDBG Low-Mod target area maps. (See Attachment B)

Narrative:

Continuation from above:

The target area for all goals is Citywide. All assistance is provided to households within the city limits of Hanford.

Leveraging:

Explain how federal funds leveraged additional resources (private, state, and local funds), including how matching requirements were satisfied and how any publicly owned land or property located within the jurisdiction was used to address the needs identified in the plan.

Private resources, combined with Federal resources, consist of first mortgages issued to qualifying first-time homebuyers from lenders participating in the City's First Time Home Buyer Program. The City also continues to leverage its First-Time Home Buyer Program and other housing programs with Revolving Loan Program Income Funds derived from the repayment of CDBG and State grants, such as HOME and CalHome loans.

CDBG and HOME allocations are leveraged through the City's partnerships. For example, CDBG public service dollars leverage state and other federal funding for homeless grant funding obtained by local nonprofit agencies through the State of California and HUD, including the Continuum of Care.

Additionally, they will seek to leverage other sources, including, but not limited to, those listed below.

- State Low-Income Housing Tax Credit Program
- Permanent Local Housing Allocation (PLHA)
- CDBG-CV2
- HOME Key
- Roomkey/CARES
- Private Contributions
- City Housing Funds

The city has partnered with the following agencies, Self-help, Up Holdings, Kings Tulare Homeless Alliance LLC, and Human Services Agency – Kings County, for the following projects:

NorthStar Courts:

The City of Hanford's Permanent Local Housing Allocation (PLHA) funds are for developing the proposed 72-unit project. The city committed \$306,561 in PHLA funding annually. Over the five-year PLHA term of the Plan, it is estimated that Hanford will receive an allocation of not more than \$1,532,808.

As of the time of this report's preparation, the funds have been spent and have passed through the city.

Sunrise Apartments:

(Conversion of the 22-unit motel for permanent supportive housing) Project Home Key awarded Kings County \$2,200,000 as a Tier 1 applicant. Tier 1 required immediate occupancy and a commitment to convert to permanent housing. The City of Hanford was awarded \$238,702 in CDBG-CV3 funds. Additionally, the state has approved an application for \$1,100,000 in CDBG-CV2 funds to convert the units.

CR-20 - AFFORDABLE HOUSING 91.520(B)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served and the number of low-income, moderate-income, and middle-income persons served.

Table 4 – Number of Households

Types Provided	One-Year Goal	Actual
Number of Homeless households to be provided with affordable housing units	22	17
Number of Non-Homeless households to be provided with affordable housing units	72	72
Number of Special-Needs households to be provided with affordable housing units	0	0
Total:	188	0

Types Supported	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	18	18
Number of households supported through Acquisition of Existing Units	0	0
Total:	18	18

Table 4 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City's Emergency Repair Program (ERP) is designed to provide immediate financial assistance to Hanford homeowners for emergency repair situations. The priority is the elimination of health and safety hazards. This program makes up to \$24,999 in grant funds available (per household). All funds shall benefit very low- to moderate-income households. Fourteen (14) households received assistance through the Emergency Repair Program (ERP), utilizing CDBG funding from the previous year's action plans during the fiscal year.

Discuss how these outcomes will impact future annual action plans.

The City of Hanford will continue to evaluate its programs and adjust, as necessary, in the future One-Year Action Plans. Based on the City's experience with CDBG, the current goals and objectives will remain in place, and no significant changes are anticipated.

Include the number of low-income and moderate-income persons served by each activity where information on income by family size is required to determine the activity's eligibility. Number of Households Served	CDBG Actual	HOME Actual
Acutely Low	338	0
Extremely Low-income	200	0
Low-income	104	0
Moderate-income	57	0
Total:	778	0

Table 5 – Number of Households Served

IDIS Low/Mod Census Tracts (eligible CDBG Target Areas)

Low-Mod Income (LMI) concentration is defined as census tracts where at least 51% of the median household income is 80% or less than the jurisdiction's median household income. The City's FY 2024-25 CDBG boundaries are shown in the attached CDBG Low-Mod target area maps.

CR-25 - HOMELESS AND OTHER SPECIAL NEEDS 91.220(D, E); 91.320(D, E); 91.520(C)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Hanford, in partnership with the Kings/Tulare Homeless Alliance (KTHA), diligently addresses homelessness within the city.

KTHA, the local Continuum of Care, coordinates efforts amongst service providers, faith-based partners, governmental agencies, and other key stakeholders. KTHA hosts multiple monthly meetings, such as the Case Management Roundtable, Membership Meetings (Executive, Community/Stakeholder, and Training), and the Kings County Homeless Services Partnership Meeting.

Outreach efforts have been a critical focus. The Kings View PATH team, Hanford Police Department HART (Homeless Assistance Resource Team), Champions Outreach team, Kings Community Action Organization outreach team, and KTHA Housing Navigators conduct ongoing outreach to connect people who are least likely to access resources. Since July 2020, 1625, people experiencing homelessness have been assessed for housing. During this fiscal year 24/25, a total of 375 individuals and families experiencing homelessness enrolled in Coordinated Entry were referred to permanent housing, and 79 families were placed into housing.

In 2024, with the help of outreach teams and service providers, KTHA's Coordinate Entry Systems referred 22 individuals and families experiencing homelessness to housing at Northstar Courts, an affordable housing complex. In 2025, KTHA referred 22 individuals experiencing homelessness to the new Sunrise Homekey project that is currently operated and owned by KCAO.

In 2023, Champions was awarded HHAP 4 funds to establish an outreach team and purchase a shower unit, providing showers to individuals experiencing homelessness. Champions has started parking the shower unit at different locations. The project was expanded in 2024 through HHAP 5 to include rapid rehousing rental assistance for individuals experiencing homelessness in Kings County. All Champions Rapid Rehousing program referrals will go through the Coordinated Entry System.

The Coordinated Entry System, operated by KTHA, includes virtually all homeless service providers within the City of Hanford. In addition to Every Door Open approach, people experiencing homelessness can have an assessment completed by contacting 2-1-1.

Addressing the emergency shelter and transitional housing needs of homeless persons

Within the City of Hanford, the following programs provide emergency shelter and transitional housing for people experiencing homelessness:

Program Type	Organization Name	Program Name	Year-Round Beds
ES	Kings Community Action Organization	Barbara Saville Shelter	38
ES	Behavioral Health	Bridge Housing	27
ES	Kings County HSA	Temporary Housing	20
TH	King's Gospel Mission	Men's Overnight Shelter	16
TH	King's Gospel Mission	Women's Overnight Shelter	10
TH	King's Gospel Mission	New Song Academy	6

ES=Emergency Shelter

TH=Transitional Housing

The emergency shelters that opened because of COVID-19's Project Roomkey program have shut down, resulting in the closure of the temporary shelters Sunrise (22 beds) and Holiday Lodge (59 beds). Both facilities are currently undergoing conversion to affordable permanent housing.

Helping low-income individuals and families avoid becoming homeless, especially highly low-income individuals and families and those who are likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care, and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The Alliance continues to utilize the Landlord Mitigation Fund to increase the inventory of landlords and property managers willing to lease units to people experiencing homelessness. The fund is designed to incentivize Landlords to relax screening criteria for people who are experiencing homelessness and who may have barriers that prevent them from securing housing on their own, such as poor credit and past evictions. By offering a Fund to mitigate Landlord exposure to the increased costs of renting to individuals experiencing homelessness, including excess damage and unpaid rent, a strong relationship can be established with Landlords who may otherwise be hesitant to lease to these individuals and families.

The Alliance works closely on CalAIM's integration into the homeless response system. CalAIM services include housing tenancy and housing support, which provides funds to help people secure housing (such as arrears, security deposits, etc.), as well as case management and support once someone is housed. This can decrease the length of time someone experiences homelessness and the rate at which people return to homelessness once housed.

The Coordinated Entry System collaborates with the top five households of each intervention type on the Housing Priority List to ensure they are document ready. This focus has reduced the time people spend on the streets waiting to be placed once a unit becomes available.

CR-30 - PUBLIC HOUSING 91.220(H); 91.320(J)

Actions taken to address the needs of public housing

Kings County Housing Authority provides public housing. The provision of public housing is a function of county government; therefore, the City will not supply funding for this segment. The Housing Authority provides low-income families with decent, safe, sanitary, affordable rental housing. Additionally, the Housing Authority offers rental assistance to individuals and families through Section 8 Housing Choice Vouchers and affordable housing programs.

CR-35 - OTHER ACTIONS 91.220(J)-(K); 91.320(I)-(J)

Actions taken to remove or lessen the negative effects of public policies that serve as barriers to affordable housing include land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City of Hanford adopted the 2035 General Plan on April 24, 2017. Zoning ordinance changes were made during the updating process, and all policies and procedures were reviewed to determine whether they should be updated, removed, or otherwise amended.

The City's Housing Element requires each city and county to identify existing and projected housing needs within the jurisdiction and prepare goals and policies.

The City has instituted several policies and programs that encourage the development and preservation of affordable housing, including the development of new affordable housing, the clearance of blighted properties for reuse as new housing, and the rehabilitation of existing houses.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Hanford will continue to support the efforts of local agencies that serve special populations, such as the elderly, frail elderly, homeless persons, female heads of households, persons with disabilities, drug/alcohol addiction, farm workers, and persons with HIV/AIDS. These agencies have an established support system in Kings County to serve these populations. Programs that the city offers that assist special populations and people experiencing homelessness in transition to permanent housing include:

- First-time homebuyer programs.
- Housing rehabilitation.
- Habitat for Humanity.
- A multi-family low-income complex funded through HOME and low-income Housing Tax Credits.

Achievements in the fiscal year to provide affordable housing include, but are not limited to, the following:

Here's a revised and professionally polished version of your bullet points to improve clarity, consistency, and tone:

- Administered a **first-time homebuyer program** designed to provide mortgage assistance to two eligible buyers to support housing affordability. Although approximately \$2,000,000 in HOME Program Income (PI) was allocated for Program Year 2024–2025, no assistance was provided due to the program being placed on hold by the **California Department of Housing and Community Development**.
- Managed a **housing rehabilitation program** offering grants for essential **health and safety repairs**, with a total allocation of \$270,616 for this activity.
- Provided **abatement services** through the **Code Compliance Program**, enhancing the quality of life for **low- to moderate-income homeowners** through the correction of code violations and property maintenance issues.
- Continued collaboration and funding support for the **Kings/Tulare Continuum of Care**, allocating \$10,000 toward homelessness prevention efforts.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Lead is a highly toxic metal that may cause various health problems, especially in young children. When lead is absorbed into the body, it can cause damage to the brain and other vital organs, such as the kidneys, nerves, and blood. Lead-based paint was banned for residential use in 1978; therefore, housing built before 1978 is considered at risk of having lead-based paint. In Hanford, twenty-three percent (23%) of the City's housing stock is 30 years old or more. The City implemented the following strategies to reduce the presence of lead-based paint:

- Implemented the lead-based paint regulations of 24 CFR Part 92 in all federally assisted City housing programs, ensuring the safety of our residents.
- Enforced federal laws through the permit process and code enforcement services by requiring contractors to be certified, ensuring the highest safety standards in our housing programs.
- Provided 'Renovate Right' pamphlets to homeowners, homebuyers, and contractors, equipping them with the necessary knowledge to tackle lead-based paint Hazards.
- For PY 2024-25, the City assisted **two** homeowners with lead abatement.

Actions were taken to reduce the number of families living in poverty. 91.220(k); 91.320(j)

In cooperative efforts, the city continues to work with Continuum of Care, its partnering towns, and non-profit agencies to identify resources available to reduce the number of persons living below the poverty level and address the community's needs.

The city has also engaged with housing, service, and faith-based organizations to encourage partnerships and collaborate on addressing high-priority needs identified in the 10-year Homeless Plan. Subgroup committees were formed to improve the 2-1-1 program, housing opportunities, and services.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

There is still much work to be done in achieving ADA compliance. Still, staff will continue to work diligently to address any monitoring and transition plan findings and recommendations to ensure that our programs comply with the applicable HUD regulations.

The Community Development Department oversees the City's CDBG Program. This staff has worked diligently to improve policies, procedures, and practices, ensuring the City's program complies with CDBG regulations. While much more work is still needed, the City's program has shown improvement. The staff is confident about the recent activities selected and how funding has been expended.

Certification of Consistency:

The city assisted three agencies with the certification of consistency.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The city continues to coordinate regional services through the Kings Tulare Homeless Alliance, Habitat for Humanity, Self-Help Enterprises, Kings County Health Services, and other networking opportunities.

Stardust Kings Tulare Homeless Alliance (KTHA) LLC

Sunrise Apartments Project, formerly the Stardust Motel

On December 1, 2020, the Council allocated \$238,702 in May 2022 and an additional \$188,000 in the 2023 Action Plan to Kings County Human Services for the Stardust Motel rehab conversion project. Since then, to oblige the funding and expedite the project, Kings County Human Services has requested that the City redirect the funds to Stardust KTHA, LLC, to complete the Sunrise project.

Northstar Apartments

On October 3, 2024, we celebrated the grand opening of Northstar Courts, a vital addition to our community, which provides 72 units of permanent, affordable housing in Hanford. The event drew over 100 community members who gathered in the property's community room for a celebration that included guest speakers, a ribbon-cutting ceremony, and family-friendly activities.

Northstar Courts features one-, two-, and three-bedroom apartments designed for individuals and families, with some units reserved for households including farm workers, individuals with disabilities, and those transitioning out of homelessness. The units are income-restricted based on household size, ensuring that families in need can access this critical resource. The development is not only about providing shelter but fostering a supportive community, equipped with amenities such as onsite management, a large community room, a playground, outdoor seating, and access to behavioral health resources.

"This beautiful complex offers more than a safe home; it is a life change," wrote Northstar resident Sylvia Moreno in a letter that was read during the ceremony. "It is the foundation to a new and positive life. Northstar also offers behavioral health resources that are available on-site. It is truly a blessing to be living here."

This project would not have been possible without the support of key funding partners, including the California Debt Limit Allocation Committee, the California Tax Credit Allocation Committee, the California Department of Housing and Community Development, the City of Hanford, Kings County, Walker Dunlop, and Key Bank.

The project is funded through 4% Low-Income Housing Tax Credits, soft funding from the Department of Housing and Community Development through competitive No Place Like Home funds, City of Hanford PLHA funds, Kings County Whole Person Care pilot, King County Human Services Agency's HHAP funds, private investment, and private financing.

Self-Help Enterprises – Idlewood & Parkside Infill Development Update

- As of the date of this report, six infill homes have been completed in Hanford. The City has provided down payment assistance to two of the families.
- **Parkside Single-Family Development** – Three new single-family homes have been completed.
- **Idlewood Single-Family Development** – Three new single-family homes have also been completed.
- A recent first-time homebuyer success story highlights the impact of the program. In March 2025, two families received the keys to their new homes, made possible by program income from loan payoffs.
- The six homes were part of the Hanford Infill Construction Homes initiative, a collaborative effort between Self-Help Enterprises, NMTC Financing, The Housing Partnership Network, Inc., partner Smith NMTC Associates, LLC, and the City of Hanford. One family expressed their heartfelt joy and gratitude upon receiving the keys to their new home. (see attached flyer)

Identify actions taken to overcome the effects of any impediments identified in the jurisdiction's analysis of impediments to fair housing choice. 91.520(a)

An Analysis of Impediments (AI) to Fair Housing Choice, 2024-2028, was updated.

The local government can play a crucial role in providing a diverse range of housing types and ensuring housing availability that meets the needs of all sectors of the public. The City of Hanford offers affordable housing assistance programs and implements several fair housing-related policies. The city does not have a formally established fair housing policy. Still, it is committed to collaborating with community stakeholders and local advocacy partners to create a comprehensive and fair housing system and to implement similar fair housing procedures. In addition, the city will continue to work with regional public transit providers to identify any opportunities to improve public transit serving low-income households and special-needs populations (including older people and persons with disabilities). The city will pay particular attention to the transit needs of areas where housing is affordable for low-income households and individuals with special needs.

As an entitlement grantee, the City of Hanford is required to ensure that its programs affirmatively further access to fair housing and that its policies and procedures do not discriminate against individuals based on any protected class, which would deny the opportunity to participate in access or benefit from the programs and activities carried out as part of the CDBG Program. As an entitlement grantee, the City of Hanford is required to ensure that its programs affirmatively further access to fair housing and that its policies and procedures do not discriminate against individuals based on any protected class, which would deny the opportunity to participate in access or benefit from the programs and activities carried out as part of the CDBG Program. The City has partnered with the City of Porterville and jointly solicited proposals from qualified organizations to develop, implement, and administer a Fair Housing Program, which has been implemented. The agency has been offering workshops in our community.

In cases of alleged discrimination, residents are provided with information regarding fair housing law, a HUD discrimination complaint form, and referrals to legal services, the State Department of Fair Housing and Employment, and other relevant agencies.

The City has partnered with a HUD-approved housing counseling agency (Community Services Employment Training, Inc.) to provide homebuyer education; this agreement was entered before the new HUD mandate. The foreclosure education and referral process has had a positive impact on helping homeowners facing foreclosure with options that could prevent foreclosure and provide the public with important housing information.

Affirmative Outreach to Applicants and Participants

The City will continue collecting data on race, ethnicity, national origin, disability, and the gender of the head of household for applicants, participants, and beneficiaries of funded programs to identify any underrepresented protected class groups. Staff will analyze the data annually and adjust outreach strategies as needed. Additionally, the City will continue to conduct outreach at community events and via community partners who serve low- to moderate-income households and LEP clients, providing materials in both English and Spanish.

Fair Housing Services

Hanford collaborates with federal, state, and regional agencies to promote open housing choices and equal housing opportunity. Depending on the nature of the complaints, the City of Hanford currently refers complaints regarding housing discrimination to the CSET, the Fair Housing Council of Central California, Legal Aid of Central California, California Rural Legal Aid, the Fresno County Housing Authority (Fair Housing Unit), and the State Department of Fair Employment and Housing. The City has an agreement with CSET to provide Fair Housing education for Hanford residents.

Additionally, service agencies were available to provide free legal advice on renter and homeowner rights, Housing Counseling, Section 8 program information, Employment Services, Domestic violence, and Homeless programs.

Whenever the City has a booth at community events promoting housing programs, fair housing information is provided in English and Spanish.

As previously discussed in CR-05, the City also allocates entitlement funds to provide Fair Housing education services. The City believes that the review of strategies used to overcome or eliminate impediments to fair housing choice demonstrates progress in meeting the approach developed in the AI over the year.

CR-40 - MONITORING 91.220 AND 91.230

Describe the standards and procedures used to monitor activities conducted in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.

The City of Hanford's staff provides ongoing technical assistance and monitors each subrecipient. City staff conducted desktop monitoring for all sub-recipient sub-grantee agencies to ensure compliance.

Staff monitors other programs daily and as needed for capital projects. This review will include, but is not limited to, environmental assessment, contract supervision, prevailing wage compliance; reporting, reimbursement request review, and processing.

The city takes an initiative-taking approach and continually evaluates programs and activities to ensure they meet targeted goals and align with current funding levels. When funds are moving slowly, it is recommended to consider another project or program.

Citizen Participation Plan 91.105(d); 91.115(d) Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Before submitting the CAPER to HUD, a notice soliciting public comment is published in English and Spanish in the *Hanford Sentinel*. Publication of the information allows for a 15-day comment period (August 29, 2025, through September 15, 2025) and time to prepare a summary of comments. In addition, copies of the CAPER are available for public review at the City Hall Community Development Department's counter and on the City's website.

The CAPER requires a public hearing before the City Council for approval of the document before submitting it to HUD. Community hearings are held in a community space, considering the convenience to beneficiaries of the entitlement program resources. A Public Hearing is scheduled for **September 16, 2025, at 7:00 p.m.**, located in the Council Chambers, 400 N. Douty Street, Hanford, CA 93230.

Copies of the report are available at the City of Hanford Community Development Department and on the City of Hanford website.

Public Comments: The comments received will be included in the final document at the end of the public review period and public hearing.

CR-45 - CDBG 91.520(C)

Please specify the nature and reasons for any changes in the jurisdiction's program objectives and indicate how the jurisdiction would change its programs based on its experiences.

The 2024-25 program year was the first year of implementation in the City of Hanford's 2024-28 five-year Consolidated Plan. The Consolidated Plan outlines the priority needs and goals for the CDBG program over five years, from July 1, 2024, to June 30, 2028, encompassing five program years.

The city continues to take an initiative-taking approach. It continually evaluates programs, projects, policies, and activities to meet targeted goals and align with current funding levels. Based on experience, challenging and strategic recommendations are made to the City Council. For example, an alternate priority project or program is recommended when funding is moving slowly.

- Emergency Rental Assistance
- Home Delivered Meals for Homebound Seniors
- Small Business Assistance
- Food Service Center
- Homeowner Rehabilitation

SUMMARY OF ACCOMPLISHMENTS

EXHIBIT 1- TABLE 1- CAPER 2024-City of Hanford

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

California

Self-Help Enterprises San Joaquin Valley Infill Homeownership Project

Hanford and Fresno, CA (2024)

FINANCING

NMTC Financing: The Housing Partnership Network, Inc., in collaboration with its partner Smith NMTC Associates, LLC: \$8 million
Equity Investor: U.S. Bancorp Impact Finance

Total Project Cost: \$8.2 million

IMPACT

- 7 construction jobs
- 1.5 permanent jobs
- 19 homes in Hanford and Fresno, CA. Self-Help also provides financial counseling and homebuyer education and assistance.

COMMUNITY

- Poverty rates ranging from 27% to 60.2%
- Hanford homeownership rate: 50.8%
- Fresno homeownership rate: 28%

"The New Markets Tax Credits closed a critical gap in funding for the project, which in fact made the endeavor feasible. The result is both an affordable housing success and wealth building opportunity for buyers of color who have traditionally been left out of the homeownership market."

-Tom Collishaw, President/CEO, Self-Help Enterprises

A nationally recognized California community development organization, Self-Help Enterprises (SHE), works with low-income families, often in rural areas to build and sustain healthy homes and communities. Since 1965, SHE has served over 65,000 families, many of whom are the Latino farmworkers who provide our food but are unable to find decent affordable housing, including lack of water and sewer services, for their families. There is a critical housing shortage in the area and affordable for-sale housing stock, in particular.

NMTC enables 19 low- and very low-income BIPOC families attain the dream of homeownership

The Fresno sites are part of a previous redevelopment area and are also complementary to SHE's nearby mutual self-help housing program development. Both sites are located near grocery stores, jobs, and public transport. SHE focused on providing homeownership opportunities for low-income families because homeownership is the single most powerful economic tool to break the cycle of poverty, create wealth and equitable opportunity in formerly marginalized communities who have not previously had access to homeownership and financial counseling, homebuyer services including realtors, and mortgages.

In addition to quality new affordable homes, SHE provides all of its buyers with wraparound services such as multiple types and levels of homebuyer education, financial counseling and budget management courses. SHE also provides secondary loans through numerous homeownership programs and loans for water well drilling or replacement.

The NMTC financing will enable additional low-income families who cannot qualify for the self-help housing program to purchase a home. SHE used NMTC financing to subsidize the difference between the cost to construct and the affordable \$290,000 purchase price. Without the financing, SHE would have had to delay the project.

Nonprofit affordable homeownership developers lack access to affordable capital due to misconceptions about the risk of developing homes and selling to low- to moderate- income homebuyers in underserved communities. NMTCs are the only federal tax credit available to help fill that gap. This project resulted in 19 low-income families purchasing a home in which they already have substantial equity. This is an investment in the community, families, and their descendants for generations to come.

PUBLIC NOTICE ENGLISH & SPANISH

LEGAL AD & PUBLIC COMMENTS (NO COMMENTS TO DATE)

Public Notice: Request for Review & Comment and Public Hearing on the City of Hanford's 2024 CAPER (Consolidated Annual Performance and Evaluation Report) for the Community Development Block Grant Program (CDBG)

The City of Hanford will submit its Consolidated Annual Performance and Evaluation Report (CAPER) for Program Year 2024 (July 1, 2024 – June 30, 2025) to the United States Department of Housing and Urban Development (HUD), no later than September 30, 2025. The CAPER is an annual report that describes the performance in meeting its goal with the use of the Community Development Block Grant (CDBG) received from HUD. The City uses this grant to provide decent, clean, safe, and affordable housing, create a suitable living environment, and expand economic opportunities, principally for people of low and moderate income. The Annual Action Plan identifies projects and programs that were previously reviewed and adopted by the City Council to meet these objectives as identified in the five-year Consolidated Plan Community Needs Assessment.

The 2024 CAPER (draft available for public review on the City's website at <https://www.cityofhanfordca.com>). Citizens may submit written comments during the public review and comment period by mail or in person, postmarked no later than September 15, 2025, to the following address:

City of Hanford - Housing Division
Attention: Sandra Lerma, Housing Analyst
317 N. Douty Street
Hanford, CA 93230

Staff invite you to attend a community meeting and/or public hearing for the 2024 CAPER. If you are unable to attend, you may submit your comments in writing to City of Hanford Housing Division at housing@hanfordca.gov.

The Public Hearing will be held at the following location and time:

City Council - Public Hearing
Tuesday, September 16 at 7:00 p.m.
City Council Chambers 400 N. Douty St.
Hanford, CA 93230

If you have any questions or need a translator or special services, please call the City Clerk at (559) 585-2515 or (559) 585-4766 at least five (5) days before the meeting to plan.

The City of Hanford does not discriminate in employment and housing program opportunities or practices based on race, color, religion, national origin, age, sex, sexual orientation, marital status, disability, or any other characteristic protected by law.

Publishing date: August 29, 2025

Aviso Público: Solicitud de Revisión y Comentarios y Audiencia Pública sobre el CAPER 2024 (Informe Consolidado Anual de Desempeño y Evaluación) de la Ciudad de Hanford para el Programa de Subvenciones en Bloque para el Desarrollo Comunitario (CDBG)

La Ciudad de Hanford presentará su Informe Anual Consolidado de Desempeño y Evaluación (CAPER) para el Año del Programa 2024 (1 de julio de 2024 - 30 de junio de 2025) al Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD), a más tardar el 30 de septiembre de 2025. El CAPER es un informe anual que describe el desempeño en el cumplimiento de su objetivo con la Subvención en Bloque para el Desarrollo Comunitario (CDBG) recibida del HUD. La Ciudad utiliza esta subvención para proporcionar viviendas dignas, limpias, seguras y asequibles, crear un entorno de vida adecuado y ampliar las oportunidades económicas, principalmente para personas de ingresos bajos y moderados. El Plan de Acción Anual identifica los proyectos y programas que fueron previamente revisados y adoptados por el Ayuntamiento para alcanzar estos objetivos, según lo identificado en la Evaluación de Necesidades Comunitarias del Plan Consolidado quinquenal.

El Ayuntamiento de Hanford y el Departamento de Vivienda están sumamente interesados en mejorar y aumentar la comunicación con los ciudadanos de Hanford en materia de vivienda, comunidad y desarrollo económico. El CAPER 25-26 (copia preliminar) está disponible para revisión pública en el sitio web de la Ciudad en: <https://www.cityofhanfordca.com>. Los ciudadanos pueden enviar comentarios por escrito durante el período de revisión y comentarios públicos por correo o en persona, con matasellos no posterior al 15 de septiembre de 2025, a la siguiente dirección:

Ciudad de Hanford - División de Vivienda
Atención: Sandra Lerma, Analista de Vivienda
317 N. Calle Douty
Hanford, CA 93230

El personal le invita a asistir a una reunión comunitaria o audiencia pública para el CAPER 2024. Si no puede asistir, puede enviar sus comentarios por escrito a la División de Vivienda de la Ciudad de Hanford a housing@hanfordca.gov.

La audiencia pública se llevará a cabo en el siguiente lugar y horario:

Concejo Municipal - Audiencia Pública
Martes, 16 de septiembre de 2025, a las 7:00 de la tarde.
Cámaras del Concejo Municipal 400 N. Douty St.
Hanford, CA 93230

Si tiene alguna pregunta o necesita un traductor o servicios especiales, llame a la secretaria Municipal al (559) 585-2515 o (559) 585-4766 al menos (5) cinco días antes de la reunión para hacer arreglos.

La ciudad de Hanford no discrimina en las oportunidades o prácticas de los programas de empleo y vivienda por motivos de raza, color, religión, origen nacional, edad, sexo, orientación sexual, estado civil, discapacidad o cualquier otra característica protegida por la ley.

Acknowledgements

The considerable efforts and talents of many individuals helped to ensure the success of the Point in Time count in Kings and Tulare Counties. The Kings/Tulare Homeless Alliance would like to thank the U.S. Department of Housing and Urban Development and the Cities of Hanford, Porterville, Tulare, and Visalia for their ongoing support. The Kings/Tulare Homeless Alliance would like to thank jurisdiction staff, community members, and service providers, who facilitated the process of outreach and distributing surveys. Finally, the Kings/Tulare Homeless Alliance would like to express gratitude to the survey respondents and recognize the significance of their contribution to understanding the state of homelessness in the community.

Summary

Each year, the Kings/Tulare Homeless Alliance conducts a Point in Time (PIT) count of the number of people experiencing sheltered and unsheltered homelessness within Kings and Tulare Counties. Information and data gathered through the PIT count are used by the Alliance and partner agencies to better understand the issues associated with homelessness including causes, service gaps, unmet housing needs, and homeless trends.

The Kings/Tulare Homeless Alliance is the local Continuum of Care on Homelessness and reports the findings of the Point in Time Count annually to the U.S Department of Housing and Urban Development (HUD). HUD requires all Continuum of Care on Homelessness (CoCs) to conduct a Point in Time Count.

Methodology

Kings and Tulare Counties conducted their 2025 Point in Time (PIT) count on the night of January 26-27. Volunteers from local jurisdictions, law enforcement, the faith-based community, nonprofit partners, and community stakeholders came together to conduct short surveys with people who meet the United States Department of Housing and Urban Development's (HUD) definition of homeless. Volunteers canvassed locations where people experiencing homelessness tend to congregate including encampments, libraries, food distribution sites, etc. The PIT Report provides a snapshot of the people experiencing homelessness in Kings and Tulare Counties.

There were over 100 volunteers who participated in conducting surveys with people experiencing homeless in the 2025 PIT count. Some communities (Hanford, Porterville, and Visalia) did utilize regularly scheduled drop-in navigation centers to facilitate the count.

The Kings/Tulare Homeless Alliance led multiple meetings and trainings to plan the PIT count beginning in November of 2024. The Cities of Porterville, Tulare, and Visalia, as well as Kings County, each had their own PIT subcommittee led by two or three people knowledgeable about homelessness in the region. Decisions on canvassing/mapping, incentives, and overall approach were made by each subcommittee and supported by the Kings/Tulare Homeless Alliance.

Overview of Results

The 2025 PIT count saw a decrease of 200 individuals (1,672 people in 2024 vs. 1,472 people in 2025) or a 12% decrease in the number of people experiencing sheltered and unsheltered homelessness in Kings and Tulare Counties.

The number of people experiencing chronic homelessness increased by 48 individuals (468 people in 2024 vs. 516 in 2025), or a 10% increase.

Chronic homelessness is defined by HUD as an individual with one or more disabling conditions, or a family with a head of household with a disabling condition, who:

- Has been continuously homeless for one year or more and/or,
- Has experienced four or more episodes totaling 12 months or more of homelessness within the past three years.

There were 14 more people accessing emergency shelter beds in 2025 (237 individuals) than in 2024 (223 individuals), which is a 6% increase.

In the 2024 Point-in-Time (PIT) count, the City of Hanford recorded 371 individuals, compared to 280 in 2025, showing a decrease of 25%. The City of Porterville also saw a decline, from 309 individuals in 2024 to 267 in 2025, down 14% from the previous year. The City of Tulare experienced an increase of 7%, with 302 individuals in 2024 rising to 324 in 2025. The City of Visalia recorded 587 individuals in 2024 and 513 in 2025, reflecting a decrease of 13%.

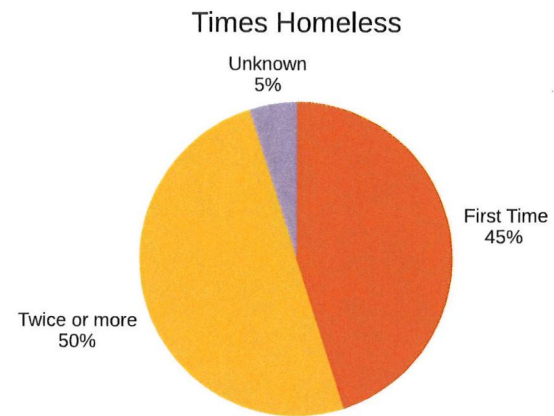

All efforts were made to uniformly support each community to conduct the PIT count and each was completed as accurately as possible

Hello, my name is _____ and I'm a volunteer for the Kings Tulare Homeless Alliance. We are conducting a survey to count homeless people to provide better programs and services to them. Your participation is voluntary and your responses to questions will not be shared with anyone outside of our team. I need to read each question all the way through. Can I have about 10 minutes of your time?

1. Have you completed this survey earlier today or earlier this week?

☐ Yes (Discontinue Survey) ☐ No (continue with Q2)

2. Where did you/Person [2-4] sleep on Sunday night? [DO NOT READ CATEGORIES. SELECT ONLY ONE CATEGORY.]

☐ Place not meant for habitation (Street or Sidewalk, car, van, RV, truck, Park, Abandoned Building, Bus, train station)

[CONTINUE TO Q3]

☐ Emergency shelter

☐ Transitional housing

☐ At Risk/Other (hotel, house/apartment, jail, hospital, treatment program, nursing home)

[DISCONTINUE SURVEY, HOUSEHOLD NOT UNSHELTERED HOMELESS]

3. Which city are you currently staying in?

4. What are the names of the people in your household from oldest to youngest, including yourself?

Person 1

Person 2

Person 3

Person 4

First Name and Last Name
